A STORY OF GROWING TOGETHER

*We believe growth is collective.
The growth story of Pidilite is written
with the stories of so many lives that
we have touched, each one as special.
We bring to you six such stories.
In their success, lies ours.*

I am 86. I still love coming to work because this is my family.

I was a young man when I met the founder of Pidilite, Mr. B K Parekh.

My first day of work was the same day India got its independence. I was working with the Group even before Pidilite came into existence. Everything I learned, I learned here. At that time, there was no technology, and I had to be very meticulous; my memory was my super power. I would find ways to be cost-conscious for the company, which I treated as my own.

I was the first employee at Pidilite. I've been here for the longest time, and still continue to come to office for a few hours. I get a lot of respect from my colleagues, old and new. Seeing different generations working together is common at Pidilite – people don't just grow into their roles, they also grow here as individuals.

JAYSHANKAR BHAI

since 70+ years*

Fevicol jodne ka kaam karta hai, aur humare parivaaron ko bhi jodke rakhta hai.

We had a furniture workshop, which we transformed into an FCC* office. That is the influence FCC has had on my life.

Even our families have met and bonded over various FCC activities. My favourite activity is Shram Daan Divas, an initiative that gives carpenters the opportunity to come together for a noble cause. Instead of competing against each other, this unites us with a common goal and gives us a sense of community; I have not seen this anywhere else. We usually start preparations for Shram Daan Divas a month in advance. We treat it like any other festival in India.

Overall, the FCC platform has also helped me a lot, especially to increase and improve my business.

PRAMOD TIWARI (Panditji)

FCC Contractor since 11 years

*FCC stands for Fevicol Champions' Club launched by Pidilite in 2002.

Jo bhi seekhne ko mila hai, woh sabse zyada Pidilite se hi mila hai.

My grandfather was one of the masons who worked on the stonework at Gateway of India and Taj Hotel in Colaba. At that time, the wage for labourers was just 10 paise! I have preserved that coin as a memento. My grandfather has always been my role model.

When I started doing masonry at the Pidilite sites, everyone liked my work. I remember I also did stone work for the Pidilite office buildings. It makes me proud that I was a part of building Pidilite.

Everything I know about waterproofing and its techniques, I learned here. Because of the Company's trust in me and my work, I know business *accha hi chalega*. I think this has assured me to encourage my children to study further and follow their dreams. I want them to do what they like best and I am happy that I can support them.

CHHAJURAM MISTREE

*Mason associated with
Pidilite since 20 years*

My relationship with Pidilite has always been one of trust, whether in business or personal life.

My dad began his association with Pidilite way back in 1987. Later in 2005, when I joined his business, Pidilite recommended that we enter a new geography – Vashi. At that time, Vashi was unheard of.

Pidilite trusted us with the job, and thanks to our partnership, we were able to create a strong base that they needed in that region. Since then, we have been given responsibility for other geographies too. Overall, Pidilite helped Prime to set up distribution and learn the trade. It constantly keeps up with latest technology, making it a joy for us to conduct business.

On a personal note, when my father fell ill and was hospitalized, Pidilite management was concerned and offered help that was required. This gesture was very touching and one that I will always remember.

As a child I used
Pidilite products
for art and craft.
It amazes me to
see my son also
enjoying the same.

Remember how we used to play with Fevicol?
The pure joy of peeling it off our hands is a
fond memory.

I remember Fevicol from my childhood days.
I always loved scrapbooking and making cards
for every occasion.

It makes me happy to relive those memories watching
my son do the same. He and I spend hours working on
DIY (do-it-yourself) projects.

I trusted Pidilite products ever since I was a child, and
now my son too enjoys creating things with Pidilite's
range of products.

From a hobbyist at home to a full-fledged career, my journey has been very colourful!

My love for art and craft was always strong. I used to paint handkerchiefs and pillow covers, enjoying my hobby from home. During the summer holidays, I would also get involved with art and craft summer workshops. There was a neighbourhood shop where I bought Fevicryl products. The shopkeeper connected me to Pidilite and that is how I got the opportunity to be professionally engaged with the Company.

Initially, I worked only part-time but now I enjoy a full-time career as a hobby professional. My projects, both at Pidilite and outside, have given me an opportunity to share my creativity and connect with others, which is truly satisfying.

Today, I have a career doing what I love!

ADVERTISING CAMPAIGNS & COMMUNICATIONS

Fevicol Marine launched its new TV advertisement in an entertaining and humorous manner. It captures the spirit of India, showcasing Fevicol Marine's durable bond even when exposed to water with the tagline '**Asli Waterproof Adhesive**'.

The advertisement was launched across TV, Digital and Cinema halls.

Dr. Fixit launched its new theme based campaign '**5-point waterproofing**' featuring **Amitabh Bachchan**. The TV advertisement is aimed at creating awareness about five sources of leakage in a house and prompts the viewers to ask for Dr. Fixit 5-point waterproofing while constructing a new home.

The newly designed corporate website **www.pidilite.com** offers quick and easy navigation to essential information, a clean uncluttered design, improved functionality and rich content.

The Company has increased its focus on using digital platform as a medium for marketing its brands; new evolved digital marketing avenues are being used to increase brand salience.

Fevicol used topical and humorous creatives on digital media to further enhance its iconic image.

Fevikwik used creative witty posts on social media creating awareness among consumers about the uncommon use of Fevikwik to repair broken articles.

DIGITAL COMMUNICATION

A co-branded TV advertisement was made using shots of the movie **Bahubali 2 – The Conclusion** and Dr. Fixit advertisement. The excitement around the movie was leveraged in digital space by making clever memes, and on-ground by advertising in cinema halls where the movie was being screened.

Fevikwik the instant adhesive brand launched a series of TV advertisements titled '**Khushiyo ke chand pal**'. It features a woman, who fixes various broken objects like a toy, metal bell, remote control and is appreciated unexpectedly by her family members.

Fevicol launched a TV campaign for the variant **Fevicol Ezeespray**, demonstrating the ease and speed of using innovative spray adhesive in a witty and playful manner with the tagline '**wohi majboot jod, spray mein bhi**'.

Fevicryl Fabric Colours was launched, with new brand graphics and bottle shape, for multiple fabric surfaces like apparel, home décor and accessories. Available in 31 shades, these colors help retain the natural texture of fabric.

M-Seal Super Phataphat a softer, easy to mix and easy to apply putty, offering smoother finish.

Fevicryl 3D Neon Liners an easy to use, convenient pen format liner, available in four neon shades for creative outlining and DIY art.

NEW
PRODUCT
LAUNCHES

BRAND ACTIVATIONS

Fevikwik organized branded van activations in 31 districts of Uttar Pradesh and Bihar. Through a magic show the brand engaged with the audience and educated them about the different substrates on which Fevikwik can be used.

Fevicryl campaign “**#Turn On The Neon**” created awareness through digital platform and on ground activities.

Mr. Neo a larger than life mascot in shape of the neon pen liner helped connect with consumers and create excitement among end users.

Fevicol MR brought alive the Slime mania for children in India during summers of 2017. The campaign included on-ground activations in schools, summer camps and retail outlets and was supported through **digital web-episodes and a TV contest**. The TV spots showed popular children characters on Nickelodeon, Motu and Patlu playing with slime and inviting children to make their own slime for an opportunity to be seen on TV. The campaign was appreciated by parents, teachers and children.

Fevicol Champions' Club celebrated **Shram Daan Diwas** across India on December 20, 2017. Around 51,200 contractors and carpenters visited 800 needy institutions and donated a day of their labour to repair broken furniture.

Fevicol MR Slime Campaign won a **Silver in Best Branded Content** on Television and **Bronze in Best use of Kids Channel** at the exchange4media.com Prime Time Awards 2018.

The Fevicol MR Slime Campaign won a **Silver at the Maddies** 2017-2018 for Best Use of TV.

Subsidiaries

Investment in Subsidiaries

During the year, investment of ₹ 151.19 crores was made in subsidiaries. Of these ₹ 33.92 crores was invested in overseas subsidiaries and ₹ 21.02 crores was invested in domestic subsidiaries. The balance represents the consideration paid for the acquisition of 70% equity stake in CIPY Poly Urethanes Pvt. Ltd. (excluding fair valuation of derivative option to buy balance 30% equity stake).

The investments in overseas subsidiaries were in Pidilite Middle East Ltd (₹ 16.54 crores) and Pidilite International Pte Ltd (₹ 15.91 crores) for onward investments in their step down subsidiaries and Pidilite Chemical PLC (₹ 1.47 crores).

The investments in domestic subsidiaries were in ICA Pidilite Pvt. Ltd (₹ 20.46 crores) and Fevicol Company Ltd. (₹ 0.56 crores)

During the year

- A petition has been filed with National Company Law Tribunal, Mumbai division (NCLT) for amalgamation of Percept Waterproofing Services Limited (Percept) with Nina Waterproofing Systems Private Limited (Nina). The Company holds 80% equity capital in Percept and 70% equity capital in Nina and shall hold 71.53% equity capital post merger in Nina. The said petition is pending for approval by NCLT.
- The Company acquired 70% stake in CIPY Poly Urethanes Pvt Ltd
- Building System Solution Trading Limited Liability Company (BSST) incorporated in Qatar, ceased to be a step down subsidiary of the Company with effect from 5th March 2018.
- Pidilite USA Inc., a wholly owned subsidiary of the Company sold the Cyclo Division which was engaged in the business of automobile grooming, performance and maintenance products and other such products. Some of the Trademarks used by the Cyclo Division which were owned by Pidilite International Pte Ltd., Singapore (a wholly owned subsidiary of the Company) were also assigned.

During the year CIPY Poly Urethanes Private Limited became a subsidiary of the Company.

Performance of Major Domestic and Overseas Subsidiaries

Nina and Percept, domestic subsidiaries engaged in waterproofing services, reported strong sales and EBITDA growth in current year.

ICA Pidilite Private Limited (ICA Pidilite), a joint venture (JV) of the Company and ICA Spa of Italy, commenced operations in 2016-17. As a part of the Technology Transfer Agreement with ICA Spa, the JV is setting up a plant to manufacture high end wood finishes in India. Sales of ICA Pidilite for the fourth quarter was impacted by a classification dispute with regulatory authorities. The matter is being contested by the Company.

Pidilite USA sales for the year declined over previous financial year due to drop in demand of products for adult coloring segment. EBITDA for the year grew over the previous year, as the previous year results include provision for voluntary recall of Tempura and Fingerpaint products based on routine quality control inspections.

Business Responsibility Report

A Business Responsibility Report as per Regulation 34 of the Listing Regulations, detailing the various initiatives taken by the Company on the environmental, social and governance front forms an integral part of this report.

Industry Structure and Development

There is no material change in the industry structure as was reported last year.

The Company operates under two major business segments i.e. Branded Consumer & Bazaar products and Industrial products.

Products such as Adhesives, Sealants, Art & Craft Materials and Others, Construction and Paint Chemicals as well as joineries are covered under Branded Consumer & Bazaar products segment.

These products are widely used by carpenters, painters, plumbers, mechanics, households, students, offices etc.

Industrial Products segment covers products such as industrial adhesives, synthetic resins, organic pigments, pigment preparations, surfactants etc and caters to various industries like packaging, textiles, paints, printing inks, paper, leather etc.

In both the above business segments, there are a few medium to large companies with national presence and a large number of small companies which are active regionally. There is a growing presence of multinationals in many of the product categories in which the Company operates.

Current Year Outlook

The GST regime is stabilizing and is expected to have a positive influence on the Company's business in the long run.

The prices of raw material and packing material have further increased. The Company will take necessary steps to mitigate this increase.

The major subsidiaries in India are taking initiatives to improve the market shares in their respective businesses.

The Company's major international subsidiaries are in USA, Brazil, Thailand, Egypt, Dubai and Bangladesh. The business environment in some of these countries remain subdued. However, the management is taking various steps to improve the performance of these subsidiaries.

Outlook on Opportunities, Threats, Risks and Concerns

The Indian economy provides a large opportunity to the Company to market its differentiated products. Higher growth in select global economies could provide a boost to exports.

Slower growth of the Indian economy could impact the performance of the Company.

Overseas subsidiaries by virtue of their relatively smaller size remain vulnerable to the political and economic uncertainties of their respective countries.

Internal Financial Control Systems and their Adequacy

The Company has adequate internal financial control procedures commensurate with its size and nature of business.

The Company has appointed Internal Auditors who periodically audit the adequacy and effectiveness of the internal controls laid down by the management and suggest improvements.

The Audit Committee of the Board of Directors approves the annual internal audit plan, periodically reviews the progress of audits as per approved audit plans, critical internal audit findings presented by internal auditors, status of implementation of audit recommendations, if any, and adequacy of internal controls.

Significant/Material orders passed by the Regulators

There are no significant/material orders passed by the Regulators or Courts or Tribunals impacting the going concern status of the Company and its operations in future.

Human Resources

The focus for the year was on Capability Building, Employee Engagement and Key Talent Management. Capability building was taken forward by introducing Signature Programs across

disciplines. These programs focus on building sales, marketing and excellence management.

This year the development Centre for frontline sales and field marketing employees covered over 500 employees across all divisions. This has facilitated frontline development, appropriate staffing for new opportunities and building frontline capability.

Employee Engagement activities have been now brought under the new theme of "HAH" – Happy And Healthy Pidilite. This enables building an engaging workplace for the employees. Coupled with Facebook's Workplace which was launched last year, a young and vibrant workplace is now offered across all locations to all employees.

The total number of employees as on 31st March 2018 was 5382.

General

The Company has not issued equity shares with differential rights as well as sweat equity shares.

The details of constitution of Nomination and Remuneration Committee and Stakeholders Relationship Committee are given in the Corporate Governance Report.

There have been no material changes and commitments affecting the financial position of the Company between the end of financial year and the date of this Report.

The Company has complied with Secretarial Standards issued by the Institute of Company Secretaries of India on Meetings of the Board of Directors and General Meetings.

Appreciation

Your Directors wish to place on record their appreciation of the contribution made by employees at all levels to the continued growth and prosperity of your Company. Your Directors also wish to place on record their appreciation to the shareholders, dealers, distributors, consumers, banks and other financial institutions for their continued support.

SOCIAL & COMMUNITY SERVICE INITIATIVES

The Company has continued to support various social and community service initiatives directly and through organizations such as Trivenikalyan Foundation (TKF), Gram Nirman Samaj (GNS), Gram Daxina Murti - Manar, Hanumant Hospital (managed by Shree Hanumant Seva Medicare Trust), Shree Mahuva Education Trust, The Balvant Parekh Centre for General Semantics and other Human Sciences, Shri N N Mehta Memorial Education Trust, Lokbharti Gram Vidyapeeth Trust and Shri Balvant Parekh Science City (Science City).

— agriculture & horticulture

The Company supported Triveni Kalyan Foundation and Gram Nirman Samaj for agriculture activities, horticulture crops and animal husbandry practices, through collaboration with experts and institutions. The Company has assisted in the formation of over 200 Farmers Clubs (covering about 7,000 farmers) in the Mahuva region (for Cotton, Groundnut, Onion and other relevant crops).

Triveni Kalyan Foundation collaborated with MARS India and helped 400 farmers to adopt best package of practices for groundnut cultivation in Mahuva. App based tracking was introduced for

mapping and monitoring the field of farmers. An increase of 13% in yield was observed.

The Company continued its support for establishing Farmers Service Centre at Mahuva for revamping of the Soil Health Card system and further development of i-Khedut portal with the Government of Gujarat. The Company has assisted in the testing of more than 8,000 soil samples and providing technical inputs and prescription to farmers to improve soil health. I-Khedut is in its final stage of revamping which will now be Aadhar enabled, making the process more farmer friendly.

Center for agriculture-horticulture development at Gram Daxina Murti, Manar

The Company has collaborated with Agriculture, Farmers Welfare & Co-operation Department and launched Agriculture & Horticulture Development Centre at Manar, in Talaja, with the objective of providing farmers with the latest recommended cultivation practices to boost Agriculture-Horticulture growth.

initiatives for women

The Company has helped in forming, nurturing and developing over 180 Self Help Groups (SHGs) - Mahila Mandals in the Mahuva region, with more than 1,800 mahilas as members. These groups have been formed with the intention of giving the women of the village a platform for sharing knowledge, encouraging savings and primarily getting initiated into a mini-income generating activity of their own.

These SHGs have been provided training on aloe vera processing to make value added products, Channapatnam art of toy making, bead work, food items, coir products, garment cutting, plant nursery etc. Women from Mahuva have started assuming entrepreneurial roles like undertaking contracts for construction of toilets, stone works, garment making, jute bags etc.

Siddhi Vinayak sanitary napkin unit has sold more than 85,000 pads till date. Moreover, the SHGs have been felicitated by Gujarat Livelihood Promotion Company Ltd. for their entrepreneurial spirit and breaking through social taboo. ANNEXURE 3 TO THE DIRECTORS' REPORT

Statement containing particulars pursuant to Section 134 (3)(m) of the Companies Act, 2013 read with Rule 8(3) of the Companies (Accounts) Rules, 2014 forming part of the report of the Directors.

Your Company undertook various measures for conservation of energy and use of alternate sources of energy which resulted in total savings of ₹ 15.4 crores during the year. Savings accrued during the last 2 years (2016 - 18) is ₹ 29.1 crores

A] CONSERVATION OF ENERGY/ ALTERNATE SOURCE OF ENERGY

1. Steps taken or impact on conservation of energy:

Various initiatives and steps taken by your Company are given below:

a. Green Fuel:

Large boilers and thermic fluid heaters were migrated to green fuel (Biomass) and all new projects based on feasibility are designed to use green or renewable fuels. During the year, by use of green fuels your Company has saved ₹ 11.1 crores compared to use of conventional fuels.

b. Energy Efficient Equipment:

Identified equipment of lower efficiency were replaced by more energy efficient systems like VFDs for large drives, improved efficiency chillers and LED lighting where less efficient lighting was in use. Energy saving of ₹ 0.6 crores has been realized through these initiatives.

2. Steps taken by the Company for utilizing alternate sources of energy:

Various initiatives and steps taken by your Company are given below:

a. Wind Energy:

Power generated through wind farm projects at Gujarat and Maharashtra is utilized in the manufacturing units and corporate office in Mumbai. This use of power from windmills has resulted in savings of ₹ 3.2 crores this year.

b. Solar Energy:

During the year your Company has implemented Solar PV projects with total capacity of 1.1 MW across eight manufacturing locations with annual cost saving potential of ₹ 1.3 crores. Savings from solar projects implemented have resulted in savings of ₹ 0.5 crores during this year.

To further increase the use of renewable power your Company has planned to implement solar on ground project with a capacity of 1.8 MW. This is expected to result in annual savings of ₹ 2.0 crores and also raise the Company's renewable power consumption from current 63 lakh KWHr to 98 lakh KWHr.

3. Capital investments on energy conservation equipment:

Capital investment in energy conservation equipment was ₹ 6.9 crores during the year.

B] TECHNOLOGY ABSORPTION

1. Efforts made towards technology absorption:

- a. Your Company sustained collaborative efforts with various research institutes in India and abroad. In addition, technology experts were retained to support and accelerate technology development programs.
- b. The Technology Platform and Synthesis group developed novel polymers, chemistries and product applications.
- c. R&D efforts continued on various types of adhesives, sealants, waterproofing products, synthetic resins, pigments, pigment dispersions, intermediates, thickeners, dispersants, coatings and construction chemicals.

2. Benefits derived like product improvement, cost reduction, product development or import substitution:

R&D innovations have resulted in improved sales, product performance, process efficiencies, capacity de-bottlenecking, addressing market needs for new applications, product cost reduction and improved environment compliance.

3. In case of imported technology (imported during the last 3 years reckoned from the beginning of the financial year):

DIVIDEND DISTRIBUTION POLICY

1. Applicability and Objective:

The SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Regulations") require the top 500 listed companies (by market capitalisation) to disclose a Dividend Distribution Policy ("the Policy") in the annual report and on their website.

The Board of Directors ("Board") of Pidilite Industries Limited has adopted this Dividend Distribution Policy to comply with these Regulations.

The objective of the Policy is to lay down the parameters that are required to be considered by the Board of the Company for declaration of Dividend from time to time.

2. Scope:

The Company currently has only one class of shares i.e. equity, for which the Policy is applicable. The Policy is subject to review if and when the Company issues different classes of shares.

3. Dividend:

Dividend represents the profit of the Company, which is distributed to the shareholders in proportion to the amount paid-up on the equity shares held by them. The term 'Dividend' includes Interim Dividend.

4. Parameters and factors for declaration of dividend:

The Company shall ensure compliance of the provisions of Companies Act, 2013 ("the Act") read with the Rules and the following financial parameters and internal and external factors shall also be considered :-

Financial Parameters and Internal Factors:

- i. Distributable Surplus available as per relevant statutory regulations
- ii. Past dividend payout trends of the Company
- iii. Working capital requirements
- iv. Business expansion and growth
- v. Company's liquidity position and future cash flow requirements
- vi. Additional investments in subsidiaries and associates of the Company
- vii. Current year's profits and future outlook in light of the development of internal and external environment
- viii. Prevailing Taxation Policy or any amendments expected thereof, with respect to Dividend distribution
- ix. Operating cash flows and treasury position keeping in view the total debt to equity ratio
- x. Possibilities of alternate usage of cash, e.g. capital expenditure etc., with potential to create greater value for shareholders
- xi. Providing for unforeseen events and contingencies with financial implications
- xii. Such other factors and/or material events which the Company's Board may consider

External Factors:

- i. Economic environment
- ii. Capital markets
- iii. Inorganic growth plans
- iv. Statutory provisions and guidelines
- v. Dividend pay-out ratios across industries

5. Circumstances under which the shareholders of the Company may or may not expect dividend:

The Board will assess the Company's financial requirements, including present and future organic and inorganic growth opportunities and other relevant factors (as mentioned in this policy) and declare Dividend in any financial year.

The Board may not recommend any dividend if the Board is of the considered opinion that it is prudent to conserve capital based on the factors outlined above or other exigencies.

6. Utilization of retained earnings:

The Company would utilize the retained earnings in a manner which is beneficial to the interest of the Company and its stakeholders, including, but not limited to meeting the Company's future business growth/ expansion and strategic plans or such other purpose the Board may deem fit from time to time.

7. Conflict in Policy:

In the event of a conflict between this policy and the statutory provisions, the statutory provisions shall prevail.

8. Modification of the Policy:

The Board is authorised to change or amend this policy from time to time at its sole discretion and/or in pursuance of any amendments made in the Act, the Regulations, or any other applicable law. The modifications, if any, made to the policy shall be disclosed on the website and in the Annual Report.

9. Review of the Policy:

The Board may review the Dividend Distribution Policy of the Company as appropriate.

10. Disclosure of Policy:

This Policy shall be disclosed in the Annual Report of the Company and placed on the Company's website, www.pidilite.com

Principle 9: Businesses should engage with and provide value to their customers and consumers in a responsible manner

There are 12 consumer cases pending as at the end of financial year. For receiving and resolving customer complaints there are systems in place to record and manage complaints. Customers may register their grievances over the dedicated helpline. The Company displays product information on the product label over and above what is mandated as per local laws. There are no cases filed by any stakeholder against the Company regarding unfair trade practices, irresponsible advertising and/or anti-competitive behaviour during the last five years and pending as at the end of financial year.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF PIDILITE INDUSTRIES LIMITED

Report on the Standalone Ind AS Financial Statements

We have audited the accompanying standalone Ind AS financial statements of **Pidilite Industries Limited** ("the Company"), which comprise the Balance Sheet as at 31st March 2018, and the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Standalone Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, and other accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these standalone Ind AS financial statements based on our audit.

In conducting our audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder and the Order issued under section 143(11) of the Act.

We conducted our audit of the standalone Ind AS financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the standalone Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the standalone Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the standalone Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the standalone Ind AS financial statements.

We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone Ind AS financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the Ind AS and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March 2018, and its profits, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

- c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
 - d) In our opinion, the aforesaid standalone Ind AS financial statements comply with the Indian Accounting Standards prescribed under section 133 of the Act.
 - e) On the basis of the written representations received from the directors of the Company as on 31st March 2018 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March 2018 from being appointed as a director in terms of Section 164(2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
 - g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone Ind AS financial statements;
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
2. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE “A” TO THE INDEPENDENT AUDITOR’S REPORT

To the Members of Pidilite Industries Limited for the year ended 31st March 2018

(Referred to in paragraph 1(f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **Pidilite Industries Limited** (“the Company”) as of 31st March 2018 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial control over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2018, based on the criteria for internal financial control over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE “B” TO THE INDEPENDENT AUDITOR’S REPORT

To the Members of Pidilite Industries Limited for the year ended 31st March 2018

(Referred to in paragraph 2 under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date)

(i) (a) The Company has generally maintained proper records showing full particulars, including quantitative details and situation of fixed assets (Property, Plant and Equipment).

(b) Some of the fixed assets were physically verified during the year by the Management in accordance with a programme of verification, which in our opinion provides for physical verification of all the fixed assets at reasonable intervals. According to the information and explanations given to us no material discrepancies were noticed on such verification.

(c) According to the information and explanations given to us and the records examined by us and based on the examination of the registered sale deed / transfer deed / conveyance deed provided to us, we report that, the title deeds, comprising all the immovable properties of land and buildings which are freehold, are held in the name of the Company as at the balance sheet date. In respect of immovable properties of land and buildings that have been taken on lease and disclosed as fixed assets in the financial statements, the lease agreements are in the name of the Company, where the Company is the lessee in the agreement.

(ii) As explained to us, the inventories were physically verified during the year by the Management at reasonable intervals and no material discrepancies were noticed on physical verification.

(iii) The Company has not granted any loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under section 189 of the Companies Act, 2013.

(iv) In our opinion and according to the information and explanations given to us, the Company has

complied with the provisions of Sections 185 and 186 of the Companies Act, 2013 in respect of grant of loans, making investments and providing guarantees and securities, as applicable.

(v) According to the information and explanations given to us, the Company has not accepted any deposit during the year to which the provisions of Sections 73 to 76 or any other relevant provisions of the Companies Act, 2013 apply.

(vi) The maintenance of cost records has been specified by the Central Government under section 148(1) of the Companies Act, 2013. We have broadly reviewed the cost records maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014 as amended, prescribed by the Central Government under sub-section (1) of Section 148 of the Companies Act, 2013, and are of the opinion that, prima facie, the prescribed cost records have been made and maintained. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.

(vii) According to the information and explanations given to us, in respect of statutory dues:

(a) The Company has generally been regular in depositing undisputed statutory dues, including Provident Fund, Employees’ State Insurance, Income-tax, Sales Tax (including Goods and Service Tax), Service Tax, Customs Duty, Excise Duty, Value Added Tax, cess and other material statutory dues applicable to it with the appropriate authorities.

(b) There were no undisputed amounts payable in respect of Provident Fund, Employees’ State Insurance, Income-tax, Sales Tax (including Goods and Service Tax), Service Tax, Customs Duty, Excise Duty, Value Added Tax, cess and other material statutory dues in arrears as at 31st March 2018 for a period of more than six months from the date they became payable.

Notes:

- The above Cash Flow Statement has been prepared under the 'Indirect Method' as set out in the Indian Accounting Standard (IND AS 7) - Statement of Cash Flow.
- Amendment to IND AS 7**
The amendments to IND AS 7 - Statement of Cash Flow requires the entities to provide disclosures that enable users of financial statements to evaluate changes in liabilities arising from financing activities, including both changes arising from cash flows and non-cash changes, suggesting inclusion of a reconciliation between the opening and closing balances in the Balance Sheet for liabilities arising from financing activities, to meet the disclosure requirement. This amendment has become effective from 1st April 2017 and there is no item for which any disclosure is required to be made.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

1 Corporate information

Since inception, Pidilite Industries Limited, together with its subsidiaries has been a pioneer in consumer and industrial speciality chemicals in India. The equity shares of the Company are listed on BSE Ltd (BSE) and National Stock Exchange of India Ltd (NSE).

The address of its registered office is Regent Chambers, 7th Floor, Jamnalal Bajaj Marg, 208, Nariman Point, Mumbai 400 021. The address of principal place of business is Ramkrishna Mandir Road, Off Mathuradas VasANJI Road, Andheri (E), Mumbai 400 059.

2 Significant Accounting Policies

2.1 Basis of accounting and preparation of financial statements

The standalone financial statements of the Company have been prepared in accordance with the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Companies Act, 2013 ('Act') read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and the Companies (Indian Accounting Standards) Amendment Rules, 2016.

The financial statements have been prepared under the historical cost convention except for the following items –

- a. Certain Financial Assets / Liabilities (including derivative instruments) – at Fair value
- b. Employee Stock Options - at Fair value

The financial statements are presented in Indian Rupees (INR) and all values are rounded to the nearest crores, except otherwise indicated.

2.2 Business Combination

Acquisitions of businesses are accounted for using the acquisition method. The consideration transferred in a business combination is measured at fair value, which is calculated as the sum of the acquisition-date fair values of the assets transferred by the Company, liabilities incurred by the Company to the former owners of the acquiree and the equity interest issued by the Company in exchange of control of acquiree. Acquisition-related costs are recognised in profit or loss as incurred.

When the consideration transferred by the Company in a business combination includes assets or liabilities resulting from a contingent consideration arrangement, the contingent consideration is measured at its acquisition-date fair value and included as a part of the consideration transferred in a business combination. Changes in the fair value of the contingent consideration that qualify as measurement period adjustments are adjusted retrospectively, with corresponding changes against goodwill or capital reserve, as the case maybe. Measurement period adjustments are adjustments that arise from additional information obtained during the 'measurement period' (which cannot exceed one year from the acquisition date) about facts and circumstances that existed at the acquisition date. Contingent consideration that is classified as an asset or a liability is subsequently (after the measurement period) remeasured at subsequent reporting dates with the corresponding gain or loss being recognised in Statement of Profit and Loss.

2.3 Goodwill

Goodwill is measured as the excess of the sum of the consideration transferred over the net of acquisition-date amounts of the identifiable assets acquired and the liabilities assumed. Goodwill arising on an acquisition of a business is carried at cost as established at the date of acquisition of the business less accumulated impairment losses, if any. For the purposes of impairment testing, goodwill is allocated to each of the Company's cash-generating units (or groups of cash-generating units) that is expected to benefit from the synergies of the combination. A cash-generating unit to which goodwill has been allocated is tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash-generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro rata based on the carrying amount of each assets in the unit. Any impairment loss for goodwill is recognised directly in Statement of Profit and Loss. An impairment loss recognised for goodwill is not reversed in subsequent periods.

2.4 Revenue Recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

2.4.1 Sale of Goods

Revenue from sale of goods is recognised upon transfer of significant risk and rewards of ownership of the goods to the customer which generally coincides with dispatch of goods to customer. Sales include excise duty upto 30th June 2017 but exclude GST. It is measured at fair value of consideration received or receivable, net of returns, rebates and discounts.

2.4.2 Dividend, Interest income and Royalty

Dividend income from investments is recognised when the Company's right to receive dividend is established.

Interest income from a financial asset is recognised on a time basis, by reference to the principal outstanding using the effective interest method provided it is probable that the economic benefits associated with the interest will flow to the Company and the amount of interest can be measured reliably. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of that financial asset.

Royalty revenue is recognised on an accrual basis in accordance with the substance of the relevant agreement or underlying arrangement in case of sales provided that it is probable that the economic benefits associated with the royalty shall flow to the Company and the amount of royalty can be measured reliably.

Claims / Insurance Claim etc. are accounted for when no significant uncertainties are attached to their eventual receipt.

The Company's policy for recognition of revenue (rental income) from operating leases is described in note 2.5.1

2.5 Leasing

At the inception of an arrangement, it is determined whether the arrangement is or contains a lease. Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

2.5.1 Company as Lessor

Rental income from operating leases is recognised on a straight-line basis over the term of the relevant lease. Where the rentals are structured solely to increase in line with expected general inflation to compensate for the Company's expected inflationary cost increase, such increases are recognised in the year in which such benefits accrue.

Amounts due from lessees under finance leases are recognised as receivables at the amount of the Company's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect constant periodic rate of return of the Company's net investment outstanding in respect of the leases.

2.5.2 Company as Lessee

In case of assets under a finance lease, such assets are initially capitalised at the lower of fair value and the present value of the minimum lease payments. Minimum lease payments are apportioned between finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Subsequent to initial recognition, the assets are accounted in accordance with the accounting policy applicable to similar owned assets.

Payments made under operating leases are recognised on a straight-line basis over the term of the relevant lease. Where the rentals are structured solely to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases, such increases are recognised in the year in which such benefits accrue.

2.6 Foreign Currencies

The functional currency of the Company is the Indian Rupee. At the end of each reporting period, monetary items (including financial assets and liabilities) denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated. Gains or losses arising from these translations are recognised in the Statement of Profit and Loss.

In respect of the foreign offices / branches, which are integral foreign operations, all revenues and expenses during the month are reported at monthly average rates. Outstanding balances in respect of monetary assets and liabilities are restated at the year end exchange rates. Outstanding balances in respect of non-monetary assets and liabilities are stated at the rates prevailing on the date of the transaction. Net gain / loss on foreign currency translation are recognised in the Statement of Profit and Loss.

2.7 Share-based payment transactions of the Company

Equity-settled share-based payments to employees providing similar services are measured at the fair value of the equity instruments at the grant date.

The fair value determined at the grant date of the equity-settled share-based payments is expensed on a straight-line basis over the vesting period, based on the Company's estimate of equity instruments that will eventually vest, with a corresponding increase in equity.

2.8 Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

2.8.1 Current Tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the Statement of Profit and Loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using applicable tax rates that have been enacted or substantively enacted by the end of the reporting period and the provisions of the Income Tax Act, 1961 and other tax laws, as applicable.

2.8.2 Deferred Tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

2.8.3 Current and Deferred Tax for the year

Current and deferred tax are recognised in Statement of Profit and Loss, except when they relate to items that are recognised in Other Comprehensive Income or directly in equity, in which case, the current and deferred tax are also recognised in Other Comprehensive Income or directly in equity respectively.

2.9 Property, Plant and Equipment

2.9.1 Property, Plant and Equipment acquired separately

Freehold land is stated at cost and not depreciated. Buildings, plant and machinery, vehicles, furniture and office equipments are stated at cost less accumulated depreciation and accumulated impairment losses.

An item of Property, Plant and Equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of Property, Plant and Equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in Statement of Profit and Loss.

2.9.2 Capital Work-in-Progress

Properties in the course of construction for production, supply or administrative purposes are carried at cost, less any recognised impairment loss. Cost includes professional fees and, for qualifying assets, borrowing costs capitalised in accordance with the Company's accounting policy. Such properties are classified and capitalised to the appropriate categories of Property, Plant and Equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

2.9.3 Depreciation

Depreciation is recognised so as to write off the cost of assets (other than Freehold Land and Capital Work-in-Progress) less their residual values over their useful lives, using the straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013.

For certain items of Property, Plant and Equipment, the Company depreciates over estimated useful life which are different from the useful lives prescribed under Schedule II to the Companies Act, 2013 which is based upon technical assessment made by technical expert and management estimate. The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

The estimated useful lives are as mentioned below:

Type of Asset	Useful Life
Buildings	30 - 60 years
Plant and Machinery	6 - 25 years
Vehicles	8 - 10 years
Furniture and Fixtures	10 years
Office Equipment	3 - 6 years

2.10 Intangible Assets

2.10.1 Intangible assets acquired separately

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

Intangible assets with indefinite useful lives that are acquired separately are carried at cost less accumulated impairment losses.

2.10.2 Intangible assets acquired in a business combination

Intangible assets acquired in a business combination and recognised separately from goodwill are initially recognised at their fair value at the acquisition date (which is regarded as their cost).

Subsequent to initial recognition, intangible assets acquired in a business combination are reported at cost less accumulated amortisation and accumulated impairment losses, on the same basis as intangible assets that are acquired separately.

2.10.3 Internally generated Intangible Assets – Research and Development Expenditure

Expenditure on research activities is recognised in Statement of Profit and Loss in the period in which it is incurred.

An internally generated intangible asset arising from development is recognised if and only if it meets the recognition criteria of intangible assets. The amount initially recognised is the sum total of expenditure incurred from the date when the intangible asset first meets the recognition criteria. Where no intangible asset can be recognised, development expenditure is recognised in Statement of Profit and Loss in the period in which it is incurred. Subsequent to initial recognition, internally generated intangible assets are reported at cost less accumulated amortisation and accumulated impairment losses, on the same basis as intangible assets acquired separately.

2.10.4 Useful lives of Intangible Assets

Estimated useful lives of the Intangible Assets are as follows:

Type of Asset	Useful Life
Computer Software	6 years
Technical Knowhow	10 years
Non-Compete Fees	10 years
Copyrights	Indefinite Life
Trademarks	Indefinite Life

2.11 Impairment of Tangible and Intangible Assets other than Goodwill

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired. Intangible assets with indefinite useful lives are tested for impairment annually at the cash-generating unit level. The assessment of indefinite useful life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

Recoverable amount is the higher of fair value less costs of disposal and value in use. If the recoverable amount of the asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised in Statement of Profit and Loss.

2.12 Inventories

Inventories are valued at lower of cost and net realisable value. Cost of inventories is determined on weighted average. Cost for this purpose includes cost of direct materials, direct labour, excise duty and appropriate share of overheads. Net realisable value represents the estimated selling price in the ordinary course of business less all estimated costs of completion and estimated costs necessary to make the sale. Obsolete, defective, unserviceable and slow / non-moving stocks are duly provided for and valued at net realisable value.

2.13 Provisions (other than Employee Benefits)

A provision is recognised when as a result of past event, the Company has a present legal or constructive obligation which can be reliably estimated and it is probable that an outflow of economic benefit will be required to settle the obligation. Provisions (excluding retirement benefits) are determined based on the best estimate required to settle the obligation at the balance sheet date, taking into account the risks and uncertainties surrounding the obligation. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates. Contingent Liabilities are not recognised but disclosed in the Notes to the financial statements.

2.14 Financial Instruments**2.14.1 Initial Recognition and Measurement**

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments. At initial recognition, financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at Fair Value Through Profit or Loss are recognised in the Statement of Profit and Loss.

2.14.2 Subsequent measurement of Financial Assets

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Debt instruments that meet conditions based on purpose of holding assets and contractual terms of instrument are subsequently measured at amortised cost using effective interest method. All other financial assets are measured at fair value. Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as Fair Value Through Profit or Loss. Interest income is recognised in profit or loss and is included in the "Other income" line item.

2.14.3 Impairment of Financial Assets

The Company recognises loss allowance using expected credit loss model for financial assets which are not measured at Fair Value Through Profit or Loss. Expected credit losses are weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive, discounted at original effective rate of interest. For Trade receivables, the Company measures loss allowance at an amount equal to lifetime expected credit losses. The Company computes expected credit loss allowance based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

2.14.4 Financial Liabilities and equity instruments

2.14.4.1 Classification of debt or equity

Debt or equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of financial liability and equity instrument.

2.14.4.2 Equity Instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

2.14.4.3 Financial Liabilities

All financial liabilities (other than derivative financial instruments) are measured at amortised cost using effective interest method at the end of reporting periods.

2.14.5 Derecognition of Financial Assets and Liabilities

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or when the Company transfers the contractual rights to receive the cash flows of the financial asset in which substantially all the risks and rewards of ownership of the financial asset are transferred, or in which the Company neither transfers nor retains substantially all the risks and rewards of ownership of the financial asset and does not retain control of the financial asset. The Company derecognises a financial liability (or a part of financial liability) when the contractual obligation is discharged, cancelled or expires.

2.14.6 Derivative Financial Instruments

The Company holds derivative financial instruments such as foreign exchange forward contracts to manage its exposure to foreign currency exchange rate risks. Also, the Company has an option to purchase and the seller has an option to sell balance stake in equity share capital of certain partly owned subsidiary(ies). Derivatives are initially recognised at fair value at the date the contracts are entered into. Subsequent to initial recognition, these contracts are measured at fair value at the end of each reporting period and changes are recognised in Statement of Profit and Loss.

2.15 Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit / loss before extraordinary items and tax for the period is adjusted for the effects of transactions of non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments. Cash Flows from operating, investing and financing activities of the Company are segregated. Cash and Cash Equivalents for the purpose of Cash Flow Statement comprise of cash at bank, cash in hand and short-term deposits with an original maturity of three months or less, as reduced by bank overdrafts.

2.16 Segment Reporting

The Company identifies primary segments based on the dominant source, nature of risks and returns and the internal organisation and management structure. The operating segments are the segments for which separate financial information is available and for which operating profit / loss amounts are evaluated regularly by the Chief Operating Decision Maker (CODM) in deciding how to allocate resources and in assessing performance.

The accounting policies adopted for segment reporting are in line with the accounting policies of the Company. Segment revenue, segment expenses, segment assets and segment liabilities have been identified to segments on the basis of their relationship to the operating activities of the segment.

Inter-segment revenue is accounted on the basis of cost plus margins. Revenue, expenses, assets and liabilities which relate to the Company as a whole and are not allocable to segments on reasonable basis have been included under “unallocated revenue/ expenses/ assets/ liabilities” respectively.

2.17 Employee Benefits

Employee benefits include Provident Fund, Superannuation Fund, National Pension Scheme, Employee State Insurance Scheme, Gratuity Fund, Compensated Absences, Anniversary Awards, Premature Death Pension Scheme and Total Disability Pension Scheme.

2.17.1 Defined Contribution Plans

The Company’s contribution to Provident Fund, Superannuation Fund, National Pension Scheme and Employee State Insurance Scheme are considered as defined contribution plans and are charged as an expense based on the amount of contribution required to be made and when services are rendered by the employees.

2.17.2 Defined Benefit Plans

For Defined Benefit Plans in the form of Gratuity Fund, the cost of providing benefits is determined using the Projected Unit Credit method, with actuarial valuations being carried out at each balance sheet date. Remeasurement, comprising actuarial gains and losses and the return on plan assets (excluding net interest) is reflected immediately in the Balance Sheet with a charge or credit recognised in Other Comprehensive Income in the period in which they occur. Remeasurement recognised in Other Comprehensive Income is reflected immediately in retained earnings and is not reclassified to profit or loss. Past service cost is recognised immediately for both vested and the non-vested portion. The retirement benefit obligation recognised in the Balance Sheet represents the present value of the defined benefit obligation, as reduced by the fair value of scheme assets. Any asset resulting from this calculation is limited taking into account the present value of available refunds and reductions in future contributions to the schemes.

2.17.3 Short-Term and Other Long-Term Employee Benefits

A liability is recognised for benefits accruing to employees in respect of wages and salaries, annual leave and sick leave in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service.

Liabilities recognised in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service.

Liabilities recognised in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Company in respect of services provided by employees up to the reporting date.

2.18 Earnings per share

The Company presents basic and diluted earnings per share (“EPS”) data for its equity shares. Basic EPS is calculated by dividing the profit or loss attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the period. Diluted EPS is determined by adjusting the profit or loss attributable to equity shareholders and the weighted average number of equity shares outstanding for the effects of all dilutive potential ordinary shares, which includes all stock options granted to employees.

The number of equity shares and potentially dilutive equity shares are adjusted retrospectively for all periods presented for any share splits and bonus shares issues including for changes effected prior to the approval of the financial statements by the Board of Directors.

2.19 Recent accounting pronouncements

The amendments to standards that are issued, but not yet effective, up to the date of issuance of the financial statements are disclosed below. The Company intends to adopt these standards, if applicable, when they become effective.

The Ministry of Corporate Affairs (MCA) has issued the Companies (Indian Accounting Standards) Amendment Rules, 2017 and Companies (Indian Accounting Standards) Amendment Rules, 2018 amending the following standard:

2.19.1 Ind AS 115 Revenue from Contracts with Customers

Ind AS 115 was issued on 28th March 2018 and establishes a five-step model to account for revenue arising from contracts with customers. Under Ind AS 115, revenue is recognised at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer.

The new revenue standard will supersede all current revenue recognition requirements under Ind AS. Either a full retrospective application or a modified retrospective application is required for annual periods beginning on or after 1st April 2018. The Company plans to adopt the new standard on the required effective date. The Company is evaluating the effect on the timing of revenue and impact on the Financial Statements of the Company under new standard.

2.19.2 Appendix B to Ind AS 21 Foreign Currency Transactions and Advance Consideration

The Appendix clarifies that, in determining the spot exchange rate to use on initial recognition of the related asset, expense or income (or part of it) on the derecognition of a non-monetary asset or non-monetary liability relating to advance consideration, the date of the transaction is the date on which an entity initially recognises the non-monetary asset or non-monetary liability arising from the advance consideration. If there are multiple payments or receipts in advance, then the entity must determine the transaction date for each payment or receipt of advance consideration.

Entities may apply the Appendix requirements on a fully retrospective basis. Alternatively, an entity may apply these requirements prospectively to all assets, expenses and income in its scope that are initially recognised on or after:

- i. The beginning of the reporting period in which the entity first applies the Appendix, or
- ii. The beginning of a prior reporting period presented as comparative information in the financial statements of the reporting period in which the entity first applies the Appendix.

The Appendix is effective for annual periods beginning on or after 1st April 2018. However, since the Company's current practice is in line with the Interpretation, the Company does not expect any effect on its financial statements.

3 Critical Accounting Judgements and key sources of Estimation Uncertainty

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the application of accounting policies, reported amounts of assets, liabilities, income and expenses, and accompanying disclosures, and the disclosure of contingent liabilities. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

3.1 Key accounting judgements, assumptions and estimates

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below:

3.1.1 Impairment of investments in subsidiaries

Investment in subsidiaries is measured at cost and tested for impairment annually. For impairment testing, management determines recoverable amount, using cash flow projections which take into account past experience and represent management's best estimate about future developments. Key assumptions on which management has based its determination of recoverable amount include estimated long term growth rates, weighted average cost of capital and estimated operating margins. Management obtains fair value of investments from independent valuation experts.

3.1.2 Impairment of Goodwill and Other Intangible Assets

Goodwill and Other Intangible Assets (i.e. trademarks and copyrights) are tested for impairment on an annual basis. Recoverable amount of cash-generating units is determined based on higher of value-in-use and fair value less cost to sell. The impairment test is performed at the level of the cash-generating unit or groups of cash-generating units which are benefitting from the synergies of the acquisition and which represents the lowest level at which the intangibles are monitored for internal management purposes.

Market related information and estimates are used to determine the recoverable amount. Key assumptions on which management has based its determination of recoverable amount include estimated long term growth rates, weighted average cost of capital and estimated operating margins. Cash flow projections take into account past experience and represent management's best estimate about future developments.

3.1.3 Business combinations and Intangible Assets

Business combinations are accounted for using Ind AS 103, "Business Combinations". Ind AS 103 requires the identifiable intangible assets to be fair valued in order to ascertain the net fair value of identifiable assets, liabilities and contingent liabilities of the acquiree. Significant estimates are required to be made in determining the value of intangible assets. These valuations are conducted by independent valuation experts.

3.1.4 Employee related provisions

The costs of long term and short term employee benefits are estimated using assumptions by the management. These assumptions include rate of increase in compensation levels, discount rates, expected rate of return on assets and attrition rates. (disclosed in Note 45)

3.1.5 Income taxes

Significant judgements are involved in estimating budgeted profits for the calculation of advance tax and deferred tax, and determining provision for income taxes and uncertain tax positions (disclosed in Note 48).

3.1.6 Property, Plant and Equipment

The useful lives and residual values of Company's assets are determined by the management at the time the asset is acquired. These estimates are reviewed annually by the management. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technical or commercial obsolescence arising from changes or improvements in production or from a change in market demand of the product or service output of the asset.

The Company has determined the indefinite useful life for its Copyrights and Trademark on the basis of renewal of legal rights regularly and the management's intention to keep them perpetually.

Goodwill, Copyrights and Trademark

Goodwill, copyrights and trademark in the books of the Company pertains to Consumer and Bazaar business of the Company.

At the end of each reporting period, the Company reviews carrying amount of goodwill, copyrights and trademark to determine whether there is any indication that goodwill, copyrights and trademark has suffered any impairment loss. Accordingly, recoverable amount of goodwill, copyrights and trademark is arrived basis projected cashflows from Consumer and Bazaar business.

Recoverable amount of goodwill, copyrights and trademark exceeds the carrying amount of goodwill, copyrights and trademark in the books as on 31st March 2018. Further there are no external indications of impairment of goodwill, copyrights and trademark. As a result, no impairment loss on goodwill, copyrights and trademark is required to be recognised.

Projected cashflows from Consumer and Bazaar business

The recoverable amount of this cash-generating unit is determined based on a value in use calculation which uses cash flow projections based on financial budgets approved by the management covering a five year period, and a discount rate of 12.5% per annum (12.5% per annum as at 31st March 2017).

Cash flow projections during the budget period are based on the same expected gross margins and raw materials price inflation throughout the budget period. The cash flows beyond that five-year period have been extrapolated using a steady 9% per annum (9% per annum as at 31st March 2017) growth rate. The management believes that any reasonably possible change in the key assumptions on which recoverable amount is based would not cause the aggregate carrying amount to exceed the aggregate recoverable amount of the cash-generating unit.

The key assumptions used in the value in use calculations for Consumer and Bazaar cash-generating unit are as follows:

Budgeted sales growth	Sales growth is assumed at 13.8% (CAGR) (13.1% as at 31 st March 2017), in line with current year projections. The values assigned to the assumption reflect past experience and are consistent with the managements' plans for focusing operations in these markets. The management believes that the planned sales growth per year for the next five years is reasonably achievable.
Raw materials price inflation	Forecast for Material cost growth CAGR higher by 0.6 % (0.3% as at 31 st March 2017) vs. sales growth, considering impact of commodity cost inflation.
Other budgeted costs	Commercial spends (schemes and A&SP) have been continued at current year's % to sales. Other fixed costs are in line with the current year's growth.

The Company has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience and is adjusted for forward-looking information. The expected credit loss allowance is based on the ageing of the receivable days and the rates as given in the provision matrix. The provision matrix at the end of the reporting period is as follows:

Ageing		Expected Credit Loss	
		As at 31 st March 2018	As at 31 st March 2017
Within the credit period (in days)			
01-90		1.2%	1.1%
91-180		50.8%	37.0%
181-360		62.9%	61.7%
>360		81.9%	82.2%

45 Employee Benefits

The Company has classified various employee benefits as under:

(A) Defined Contribution Plans

- (a) Provident Fund
- (b) Superannuation Fund
- (c) State Defined Contribution Plans
 - Employers' Contribution to Employees' State Insurance
 - Employers' Contribution to Employees' Pension Scheme 1995
 - Labour Welfare Fund
- (d) National Pension Scheme

The Provident Fund and the State Defined Contribution Plans are operated by the Regional Provident Fund Commissioner, the Superannuation Fund is administered by the LIC of India and National Pension Fund is administered by Pension Fund Regulatory and Development Authority (PFRDA), as applicable, for all eligible employees. Under the schemes, the Company is required to contribute a specified percentage of payroll cost to the retirement benefit schemes to fund the benefits. These funds are recognised by the Income Tax Authorities.

(₹ in crores)

The Company has recognised the following amounts in the Statement of Profit and Loss:

	For the year ended 31 st March 2018	For the year ended 31 st March 2017
(i) Contribution to Provident Fund	11.79	10.50
(ii) Contribution to Employees' Superannuation Fund	0.88	0.89
(iii) Contribution to Employees' State Insurance Scheme	0.73	0.50
(iv) Contribution to Employees' Pension Scheme 1995	6.82	6.24
(v) Contribution to National Pension Scheme	1.34	0.61
TOTAL	21.56	18.74
(B) Defined Benefit Plans		
(a) Gratuity		
(C) Other Long-Term Benefits		
(a) Compensated Absences		
(b) Anniversary Awards		
(c) Premature Death Pension Scheme		
(d) Total Disability Pension Scheme		

Valuations in respect of above have been carried out by independent actuary, as at the balance sheet date, based on the following assumptions:

		Valuations as at	
		31 st March 2018	31 st March 2017
(i)	Discount Rate (per annum)	7.90%	7.10%
(ii)	Rate of increase in Compensation levels (per annum)	1 st 2 yrs-8.50%, thereafter 6.50%	6.50%
(iii)	Expected Rate of Return on Assets	7.90%	7.10%
(iv)	Attrition Rate	upto 5 yrs - 17%, 5 - 10 yrs -10%, Above 10 yrs- 4%	upto 5 yrs - 19%, 5 - 10 yrs -9%, Above 10 yrs - 8%
(v)	Retirement Age	60 years	60 years
(vi)	The expected rate of return on plan assets is determined after considering several applicable factors such as the composition of the plan assets, investment/ strategy, market scenario, etc. In order to protect the capital and optimise returns within acceptable risk parameters, the plan assets are well diversified.		
(vii)	The discount rate is based on the prevailing market yields of Government of India securities as at the balance sheet date for the estimated term of the obligations.		
(viii)	The estimate of future salary increases considered, takes into account the inflation, seniority, promotion, increments and other relevant factors.		
Gratuity fund asset is managed by Life Insurance Corporation of India and Pidilite has funding over and above the liability and hence, there is no material risk of the Company unable to meet the Gratuity payments. Also as the fund is set up as a trust, the monies as a part of the trust will not flow back into the Company until the last employee of the trust is paid.			

Note on other risks:

- Investment Risk** - The funds are invested by LIC and they provide returns basis the prevalent bond yields, LIC on an annual basis requests for contributions to the fund, while the contribution requested may not be on the same interest rate as the bond yields provided, basis the past experience it is low risk.
- Interest Risk** - LIC does not provide market value of assets, rather maintains a running statement with interest rates declared annually - The fall in interest rate is not therefore offset by increase in value of Bonds, hence may pose a risk.
- Longevity Risk** - Since the gratuity payment happens at the retirement age of 60, longevity impact is very low at this age, hence this is a non-risk.
- Salary Risk** - The liability is calculated taking into account the salary increase, basis past experience of the Company's actual salary increases with the assumptions used, they are in line, hence this risk is low risk.

46 Employee Stock Option Scheme**a) Details of Employee Share Options**

In the Annual General Meeting of the Company held on 24th July 2012, the shareholders approved the issue of 50,76,486 equity shares under the Scheme titled "Employee Stock Option Scheme 2012" (ESOS 2012). The Board approved Employees Stock Option Scheme covering 3,00,000 Stock options, in terms of the regulations of the Securities and Exchange Board of India.

The ESOS 2012 allows the issue of options to Eligible employees of the Company. Each option comprises one underlying equity share. The exercise price of each option shall be ₹ 1/- per equity share. The options vest in the manner as specified in ESOS 2012. Options may be exercised within 5 years from the date of vesting.

ESOP 2016 covering grant of 45,00,000 options (including 2,50,000 Options to be granted to Eligible Employees/ Directors of the subsidiary Companies) was approved by the shareholders through Postal Ballot on 2nd April 2016. Each option comprises one underlying equity share. The exercise price shall be ₹ 1/- per option or such other higher price as may be fixed by the Board or Committee. Options to be granted under the Plan shall vest not earlier than one year but not later than a maximum of six years from the date of grant of such options. In the case of Eligible Employee who has not completed 3 years of employment as on date of the grant of Options then the Options which are due for vesting before completion of 3 years as above, shall vest as on the completion of 3 years of employment in the Company by the Employee concerned or as may be approved by the Nomination and Remuneration Committee. Vested Options will have to be exercised within 3 years from the date of respective vesting.

(C) Financial risk management objectives

The Company's Corporate Treasury function provides services to the business, co-ordinates access to domestic and international financial markets, monitors and manages the financial risks relating to the operations of the Company through internal risk reports which analyse exposures by degree and magnitude of risks. These risks include market risk, credit risk and liquidity risk. The Company undertakes transactions denominated in foreign currencies; consequently, exposures to exchange rate fluctuations arise. Exchange rate exposures are managed within approved policy parameters utilising foreign exchange forward contracts. Compliance with policies and exposure limits is a part of Internal Financial Controls. The Company does not enter into or trade in financial instruments, including derivative financial instruments, for speculative purposes. The Corporate Treasury function reports quarterly to the Company's risk management committee, an independent body that monitors risks and policies implemented to mitigate risk exposures.

(D) Market risk

The Company's activities expose it primarily to the financial risk of changes in foreign currency exchange rates (see note E below). The Company enters into foreign exchange forward contracts to manage its exposure to foreign currency risk of net imports.

(E) Foreign currency risk management

The carrying amounts of the Company's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows:

	Foreign Currency Exposure (in FC)		Foreign Currency Exposure (₹ in crores)	
	31 st March 2018	31 st March 2017	31 st March 2018	31 st March 2017

(i) Foreign currency sensitivity analysis

The Company is mainly exposed to the USD and EUR. The following table demonstrates the sensitivity to a 2% increase or decrease in the USD and EUR against INR with all other variables held constant. The sensitivity analysis is prepared on the net unhedged exposure of the Company as at the reporting date. 2% represents management assessment of reasonably possible changes in foreign exchange rates.

	USD impact	
	For the year ended 31 st March 2018	For the year ended 31 st March 2017
Impact on profit or loss for the year (a)	1.07	0.28
	EUR impact	
	For the year ended 31 st March 2018	For the year ended 31 st March 2017
Impact on profit or loss for the year (b)	(0.02)	1.98

(a) This is mainly attributable to the exposure outstanding on USD receivables and payables at the end of the reporting period.

(b) This is mainly attributable to the exposure to outstanding EUR receivables and payables at the end of the reporting period.

In management's opinion, the sensitivity analysis is unrepresentative of the inherent foreign exchange risk because the exposure at the end of the reporting period does not reflect the exposure during the year.

(ii) Foreign exchange forward contracts

It is the policy of the Company to enter into foreign exchange forward contracts to cover foreign currency payments (net of receipts) in USD and EUR. The Company enters in to contracts with terms upto 90 days.

The Company's philosophy does not permit any speculative calls on the currency. It is driven by conservatism which guides that we follow conventional wisdom by use of Forward contracts in respect of Trade transactions.

Regulatory Requirements: The Company will alter its hedge strategy in relation to the prevailing regulatory framework and guidelines that may be issued by RBI, FEDAI or ISDA or other regulatory bodies from time to time.

Mode of taking Cover: Based on the outstanding details of import payable and export receivable (in weekly baskets) the net trade import exposure is arrived at (i.e. Imports – Exports = Net trade exposures).

The net trade import exposure arrived at is netted off with the outstanding forward cover as on date and with the surplus foreign currency balance available in EEFC A/Cs.

Forward cover is obtained from bank for each of the aggregated exposures and the Trade deal is booked. The forward cover deals are all backed by actual trade underlines and settlement of these contracts on maturity are by actual delivery of the hedged currency for settling the underline hedged trade transaction.

The following table details the foreign exchange forward contracts outstanding at the end of the reporting period

Outstanding contracts	Average exchange rates (₹)		Foreign Currency	
	31 st March 2018	31 st March 2017	31 st March 2018	31 st March 2017
USD - Buy	64.99	64.81	71,09,797.00	61,25,128.00
EUR - Sell	74.77	69.18	1,96,665.10	245,263.85
Outstanding contracts	Nominal Amounts (₹ in crores)		Fair value assets / (liabilities) (₹ in crores)	
	31 st March 2018	31 st March 2017	31 st March 2018	31 st March 2017
USD - Buy	46.33	39.70	(0.08)	(0.87)
EUR - Sell	1.58	1.70	0.09	0.03
TOTAL			0.01	(0.84)

The line-items in the financial statements that include the above hedging instruments are "Other Financial Assets" and "Other Financial Liabilities".

At 31st March 2018, the aggregate amount of gain under foreign exchange forward contracts recognised in the Statement of Profit and Loss is ₹ 0.85 crores (loss of ₹ 0.60 crores as at 31st March 2017).

(F) Credit risk management

Credit risk refers to risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. Credit risk arises primarily from financial assets such as trade receivables, investment in mutual funds, derivative financial instruments, other balances with banks, loans and other receivables.

The Company has adopted a policy of only dealing with counterparties that have sufficiently high credit rating. The Company's exposure and credit ratings of its counterparties are continuously monitored and the aggregate value of transactions is reasonably spread amongst the counterparties.

Credit risk arising from investment in mutual funds, derivative financial instruments and other balances with banks is limited and there is no collateral held against these because the counterparties are banks and recognised financial institutions with high credit ratings assigned by the international credit rating agencies.

(G) Liquidity risk management

Liquidity risk is the risk that the Company will encounter difficulty in raising funds to meet commitments associated with financial instruments that are settled by delivering cash or another financial asset. Liquidity risk may result from an inability to sell a financial asset quickly at close to its fair value. The Company has an established liquidity risk management framework for managing its short term, medium term and long term funding and liquidity management requirements. The Company's exposure to liquidity risk arises primarily from mismatches of the maturities of financial assets and liabilities. The Company manages the liquidity risk by maintaining adequate funds in Cash and Cash Equivalents. The Company also has adequate credit facilities agreed with banks to ensure that there is sufficient cash to meet all its normal operating commitments in a timely and cost-effective manner.

(i) Liquidity risk tables

The following tables detail the Company's remaining contractual maturity for its non-derivative and derivative financial liabilities with agreed repayment periods. The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company will be liable to pay. The tables include both interest and principal cash flows. To the extent that interest flows are floating rate, the undiscounted amount is derived from interest rate curves at the end of the reporting period. The contractual maturity is based on the earliest date on which the Company will be liable to pay.

(H) Fair value measurements

This note provides information about how the Company determines fair values of various financial assets and financial liabilities.

(i) Fair value of the Company's financial assets and financial liabilities that are measured at fair value on a recurring basis

Some of the Company's financial assets and financial liabilities are measured at fair value at the end of each reporting period. The following table gives information about how the fair values of these financial assets and financial liabilities are determined (in particular, the valuation technique(s) and inputs used).

Financial Assets / Financial Liabilities		Fair value		Fair value hierarchy	Valuation Technique(s) and key input(s)
		As at 31 st March 2018	As at 31 st March 2017		
1	Derivative assets and liabilities towards foreign exchange forward contracts	Assets - ₹ 0.09 crores; and Liabilities - ₹ 0.08 crores	Assets - ₹ 0.03 crores; and Liabilities - ₹ 0.87 crores	Level 2	Mark to market values acquired from banks, with whom the Company contracts.
2	Derivative asset and liability towards call and put option to buy subsidiary shares	Assets - ₹ 0.55 crores; and Liabilities - ₹ 35.15 crores	NIL	Level 2	Fair values of options using black scholes valuation model based on future EBITDA multiples
3	Investment in Mutual Funds	Various listed funds - aggregate fair value of ₹ 1,172.76 crores	Various listed funds - aggregate fair value of ₹ 1,366.27 crores	Level 1	Quoted bid prices in active market

(ii) Financial instruments measured at amortised cost

The carrying amount of financial assets and financial liabilities measured at amortised cost in the financial statements are a reasonable approximation of their fair values since the Company does not anticipate that the carrying amounts would be significantly different from the values that would eventually be received or settled.

53 Other Information

During the year:

- a) The Company has acquired 70% stake in equity shares of Cipy Poly Urethanes Pvt Ltd ("CIPY"), thereby making CIPY a subsidiary of the Company on 8th February 2018. CIPY is engaged in the business of manufacture and sale of floor coatings. The business acquisition was conducted by entering into a share purchase agreement for cash consideration of ₹ 96.25 crores. Pursuant to share purchase agreement, the Company has an option to purchase and the seller has an option to sell balance 30% of equity share capital of CIPY on or after expiry of 3 years from acquisition date i.e on or after 8th February 2021. Accordingly, derivative asset and derivative liability of ₹ 0.55 crores (refer Note 11) and ₹ 35.15 crores (refer Note 23) respectively has been recognised in this financial statement based on a valuation report obtained from an independent valuer.
- b) The Company has on 23rd March 2018 completed buy-back of 50,00,000 equity shares of ₹ 1/- each (representing 0.975% of total pre buy-back paid up equity capital of the Company) from the shareholders of the Company on a proportionate basis through the tender offer route at a price of ₹ 1,000 per equity share for an aggregate amount of ₹ 500 crores. Accordingly, the Company has extinguished 49,99,056 fully paid up equity shares of ₹ 1/- each (in dematerialized form) and 944 fully paid up equity shares of ₹ 1/- each (in physical form) as a result of the conclusion of buy-back of 50,00,000 equity shares and final share capital of the company (post extinguishment) is 50,78,10,330 shares ₹ 1/- each. The Company has funded the buy-back from its Securities Premium and General Reserve. In accordance with section 69 of the Companies Act, 2013, the Company has created "Capital Redemption Reserve" of ₹ 0.50 crores equal to the nominal value of the shares bought back as an appropriation from General Reserve.

Consolidated Financial Statements

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF PIDILITE INDUSTRIES LIMITED

Report on the Consolidated Ind AS Financial Statements

We have audited the accompanying consolidated Ind AS financial statements of **PIDILITE INDUSTRIES LIMITED** (hereinafter referred to as "the Parent") and its subsidiaries (the Parent and its subsidiaries together referred to as "the Group"), which includes Group's share of profit of its associate and share of loss of its joint venture, comprising the Consolidated Balance Sheet as at 31st March 2018, the Consolidated Statement of Profit and Loss (including other comprehensive income), the Consolidated Cash Flow Statement, the Consolidated Statement of Changes in Equity, for the year then ended, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated Ind AS financial statements").

Management's Responsibility for the Consolidated Ind AS Financial Statements

The Parent's Board of Directors is responsible for the preparation of these consolidated Ind AS financial statements in terms of the requirements of the Companies Act, 2013 (hereinafter referred to as "the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated statement of changes in equity of the Group including its Associate and Joint venture in accordance with the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, and other accounting principles generally accepted in India. The respective Boards of Directors of the companies included in the Group and of its associate and joint venture are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group, its associate and its joint venture and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated Ind AS financial statements by the Directors of the Parent, as aforesaid.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated Ind AS financial statements based on our audit. In conducting our audit, we have taken into account

the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Parent's preparation of the consolidated Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Parent's Board of Directors, as well as evaluating the overall presentation of the consolidated Ind AS financial statements.

We believe that the audit evidence obtained by us and the audit evidence obtained by other auditors in terms of their reports referred to in sub-paragraphs (a) and (b) of the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated Ind AS financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of other auditors on separate financial statements/ financial information of the subsidiaries, associate and joint venture referred to below in the Other Matters paragraph, the aforesaid consolidated Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the Ind AS and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31st March 2018, and their consolidated profit, consolidated total comprehensive income, their consolidated cash flows and consolidated statement of changes in equity for the year ended on that date.

Other Matters

- (a) We did not audit the financial statements / financial information of 28 subsidiaries, whose financial statements/ financial information reflect total assets of ₹ 1,199.78 crores as at 31st March 2018, total revenues of ₹ 755.85 crores and net cash inflows amounting to ₹ 35.96 crores for the year ended on

that date, as considered in the consolidated Ind AS financial statements. The consolidated Ind AS financial statements also include the Group's share of net profit of ₹ 4.75 crores for the year ended 31st March 2018, as considered in the consolidated Ind AS financial statements, in respect of an associate, whose financial statements / financial information have not been audited by us. These financial statements / financial information have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated Ind AS financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and associate, and our report in terms of sub-section (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries and associate is based solely on the reports of the other auditors.

- (b) The consolidated Ind AS financial statements also include the Group's share of net loss of ₹ 0.16 crores for the year ended 31st March 2018, as considered in the consolidated Ind AS financial statements, in respect of a joint venture, whose financial information have not been audited by us. These financial information are unaudited and have been furnished to us by the Management and our opinion on the consolidated Ind AS financial statements, in so far as it relates to the amounts and disclosures included in respect of this joint venture, is based solely on such unaudited financial information. In our opinion and according to the information and explanations given to us by the Management, these financial information are not material to the Group.

Our opinion on the consolidated Ind AS financial statements above and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of other auditors and the financial statements / financial information certified by the Management.

Report on Other Legal and Regulatory Requirements

As required by Section 143(3) of the Act, based on our audit and on the consideration of the report of other auditors on separate financial statements and the other financial information of subsidiaries companies and its associate company incorporated in India, referred in the Other Matters paragraph above, we report, to the extent applicable, that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated Ind AS financial statements.
- (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated Ind AS financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.
- (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including Other

Comprehensive Income), the Consolidated Cash Flow Statement and Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated Ind AS financial statements.

- (d) In our opinion, the aforesaid consolidated Ind AS financial statements comply with the Indian Accounting Standards prescribed under Section 133 of the Act.
- (e) On the basis of the written representations received from the directors of the Parent as on 31st March 2018 taken on record by the Board of Directors of the Parent and the reports of the statutory auditors of its subsidiary companies and associate company incorporated in India, none of the directors of the Group companies and its associate company incorporated in India is disqualified as on 31st March 2018, from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) With respect to the adequacy of the internal financial controls over financial reporting and the operating effectiveness of such controls, refer to our separate Report in "Annexure A", which is based on the auditors' reports of the Parent, subsidiary companies and associate company incorporated in India. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of internal financial controls over financial reporting of those companies, for the reasons stated therein.
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
- The consolidated Ind AS financial statements disclose the impact of pending litigations on the consolidated financial position of the Group and its associate.
 - The Group and its associate did not have any material foreseeable losses on long-term contracts including derivative contracts.
 - There has been no delay in transferring amounts required to be transferred, to the Investor Education and Protection Fund by the Parent and its subsidiary companies and associate company incorporated in India.

ANNEXURE “A” TO THE INDEPENDENT AUDITOR’S REPORT

To the Members of Pidilite Industries Limited for the year ended 31st March 2018

(Referred to in paragraph 1(f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

In conjunction with our audit of the consolidated Ind AS financial statements of the Company as of and for the year ended 31st March 2018, we have audited the internal financial controls over financial reporting of Pidilite Industries Limited (hereinafter referred to as “the Parent”), its subsidiary companies, and its associate company, which are companies incorporated in India, as of that date

Management’s Responsibility for Internal Financial Controls

The respective Boards of Directors of the Parent, its subsidiary companies and its associate company, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Parent, its subsidiary companies and its associate company, which are companies incorporated in India and where such reporting under Section 143(3) of the Companies Act, 2013 is applicable, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing,

prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by other auditors of the subsidiary companies and associate company, which are companies incorporated in India, in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Parent, its subsidiary companies and its associate company, which are companies incorporated in India and where such reporting under Section 143(3) of the Companies Act, 2013 is applicable.

Meaning of Internal Financial Controls Over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit

preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion to the best of our information and according to the explanations given to us and based on the consideration of the reports of other auditors referred to in the Other Matters paragraph below, the Parent, its subsidiary companies and its associate company, which are companies incorporated in India and where such reporting under Section 143(3) of the Companies Act, 2013 is applicable, have, in all material respects, an adequate internal financial control system over financial reporting

and such internal financial controls over financial reporting were operating effectively as at 31st March 2018, based on the criteria for internal financial control over financial reporting established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to 9 subsidiary companies and an associate company, which are companies incorporated in India and where such reporting under Section 143(3) of the Companies Act, 2013 is applicable, is based solely on the corresponding reports of the auditors of such companies.

Our opinion is not modified in respect of the above matters.

- Amendment to IND AS 7

The amendments to IND AS 7 - Statement of Cash Flow requires the entities to provide disclosures that enable users of financial statements to evaluate changes in liabilities arising from financing activities, including both changes arising from cash flows and non-cash changes, suggesting inclusion of a reconciliation between the opening and closing balances in the Balance Sheet for liabilities arising from financing activities, to meet the disclosure requirement. This amendment has become effective from 1st April 2017 and the required disclosure is made below. There is no other impact on the financial statements due to this amendment.

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

1 Corporate information

Since inception, Pidilite Industries Limited (the Company / Parent), together with its subsidiaries has been a pioneer in consumer and industrial speciality chemicals in India. The equity shares of the Company are listed on BSE Ltd. (BSE) and National Stock Exchange of India Ltd. (NSE).

The address of its registered office is Regent Chambers, 7th Floor, Jamnalal Bajaj Marg, 208, Nariman Point, Mumbai 400 021. The address of principal place of business is Ramkrishna Mandir Road, Off Mathuradas Vasanji Road, Andheri (E), Mumbai 400 059.

2 Significant Accounting Policies

2.1 Basis of accounting and preparation of financial statements

The consolidated financial statements of the Group have been prepared in accordance with the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Companies Act, 2013('Act') read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and amendment thereafter.

The financial statements have been prepared under the historical cost convention except for the following items –

- a. Certain Financial Assets / Liabilities (including derivative instruments) – at Fair value
- b. Employee Stock Options - at Fair value

The financial statements are presented in Indian Rupees (INR) and all values are rounded to the nearest crores, except otherwise indicated.

2.2 Basis of consolidation

The consolidated financial statements comprise the financial statements of Pidilite Industries Limited (the "Parent") and its subsidiaries (together referred to as "Group") and Group's share of profit / loss in its Associate and Joint Venture as at 31st March 2018. Control exists when the Group has:

- power over the investee;
- exposure or rights, to variable returns from its involvement with the investee; and
- ability to use its power over the investee to affect its returns

The Group reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.

Generally, there is a presumption that a majority of voting rights result in control. When the Group has less than a majority of the voting rights of an investee, it has power over the investee when the voting rights are sufficient to give it the practical ability to direct the relevant activities of the investee unilaterally. The Group considers all relevant facts and circumstances in assessing whether or not the Group's voting rights in an investee are sufficient to give it power, including:

- the size of the Group's holding of voting rights relative to the size and dispersion of holdings of the other vote holders;
- potential voting rights held by the Group, other vote holders or other parties;
- rights arising from other contractual arrangements; and
- any additional facts and circumstances that indicate that the Group has, or does not have, the current ability to direct the relevant activities at the time that decisions need to be made, including voting patterns at previous shareholders meetings.

Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Specifically, income and expenses of a subsidiary acquired or disposed off during the year are included in the Consolidated Statement of Profit and Loss from the date the Company gains control until the date when the Group ceases to control the subsidiary.

If the Group loses control over a subsidiary, it derecognises the related assets (including goodwill), liabilities, non-controlling interest and other components of equity. Any investment retained is measured at fair value. Any resultant gain or loss is recognised in the Consolidated Statement of Profit and Loss.

A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction.

The consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies in line with the Group's accounting policies.

The financial statements of all entities used for the purpose of consolidation are drawn up to same reporting date as that of the Parent, i.e., year ended on 31st March 2018:

The consolidated financial statements have been prepared on the following basis:

- a) The financial statements of the Parent and its subsidiaries have been consolidated on a line-by-line basis by adding together like items of assets, liabilities, income and expenses after eliminating intra-group balances, intra-group transactions and resulting unrealised profits or losses in accordance with Ind AS 110 "Consolidated Financial Statements". Further, the carrying amount of the Parent's investments in each subsidiary and the Parent's portion of equity of each subsidiary are eliminated on consolidation.
- b) The consolidated financial statements include the share of profit / loss of an Associate Company and Joint Venture which have been accounted for using equity method as per Ind AS 28 "Investment in Associates and Joint Ventures". The investment is initially recognised at cost, and the carrying amount is increased or decreased to recognise the investor's share of the profit or loss (the loss being restricted to the cost of investment) of the investee after the acquisition date.
- c) Profit or loss and each component of Other Comprehensive Income (the 'OCI') are attributed to the equity holders of the Group and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance.
- d) The excess of cost to the Group of its investments in the subsidiary companies, Joint Venture and Associate Company over its share of equity of the subsidiary companies, at the dates on which the investments in the subsidiary companies were made, is recognised as 'Goodwill' being an asset in the consolidated financial statements and is tested for impairment on annual basis. On the other hand, where the share of equity in the subsidiaries, Joint Venture and Associate Company as on the date of investment is in excess of cost of investments of the Group, it is recognised as 'Capital Reserve' and shown under the head 'Reserves & Surplus', in the consolidated financial statements.
- e) Minority Interest in the net assets of the consolidated subsidiaries consist of the amount of equity attributable to the minority shareholders at the date on which investments in the subsidiary companies were made and further movements in their share in the equity, subsequent to the dates of investments. Net profit/ loss for the year and each component of Other Comprehensive Income of the subsidiaries attributable to minority interest is identified and adjusted against the profit after tax of the Group in order to arrive at the income attributable to shareholders of the Company.
- f) The difference between the cost of investments in the Associate and the share of net assets at the time of acquisition of shares in the Associate is identified in the consolidated financial statements as Goodwill or Capital Reserve as the case may be.
- g) Goodwill arising on consolidation is not amortised but tested for impairment.

2.3 Business Combination

Acquisitions of businesses are accounted for using the acquisition method. The consideration transferred in a business combination is measured at fair value, which is calculated as the sum of the acquisition-date fair values of the assets transferred by the Group, liabilities incurred by the Group to the former owners of the acquiree and the equity interest issued by the Group in exchange of control of acquiree. Acquisition-related costs are recognised in Consolidated Statement of Profit and Loss as incurred.

Where the consideration transferred by the Group in a business combination includes assets or liabilities resulting from a contingent consideration arrangement, the contingent consideration is measured at its acquisition-date fair value and included as a part of the consideration transferred in a business combination. Changes in the fair value of the contingent consideration that qualify as measurement period adjustments are adjusted retrospectively, with corresponding changes against goodwill or capital reserve, as the case maybe. Measurement period adjustments are adjustments that arise from additional information obtained during the 'measurement period' (which cannot exceed one year from the acquisition date) about facts and circumstances that existed at the acquisition date. Contingent consideration that is classified as an asset or a liability is subsequently (after the measurement period) remeasured at subsequent reporting dates with the corresponding gain or loss being recognized in Consolidated Statement of Profit and Loss.

In case of business combinations involving entities under common control, the above policy does not apply. Business combinations involving entities under common control are accounted for using the pooling of interests method. The net assets of the transferor entity or business are accounted at their carrying amounts on the date of the acquisition subject to necessary adjustments required to harmonise accounting policies. Any excess or shortfall of the consideration paid over the share capital of transferor entity or business is recognised as capital reserve under equity.

2.4 Goodwill

Goodwill is measured as the excess of the consideration transferred over the net of acquisition-date amounts of the identifiable assets acquired and the liabilities assumed.

Goodwill arising on an acquisition of a business is carried at cost as established at the date of acquisition of the business less accumulated impairment losses, if any.

For the purposes of impairment testing, goodwill is allocated to each of the Group's cash-generating units (or Groups of cash-generating units) that is expected to benefit from the synergies of the combination.

A cash-generating unit to which goodwill has been allocated is tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash-generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro-rata based on the carrying amount of each assets in the unit. Any impairment loss for goodwill is recognised directly in Consolidated Statement of Profit and Loss. An impairment loss recognised for goodwill is not reversed in subsequent periods.

The Group's policy for goodwill arising on business combination or acquisition of an Associate and a Joint Venture is described at Note 2.5.

2.5 Investments in Associates and Joint Ventures

An Associate is an entity over which the Group has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee but is not control or joint control over those policies.

A Joint Venture is a joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint arrangement. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

An investment in an Associate or a Joint Venture is accounted for using the equity method from the date on which the investee becomes an Associate or a Joint Venture.

Under the equity method, an investment in an Associate or a Joint Venture is initially recognised in the consolidated balance sheet at cost and adjusted thereafter to recognise the Group's share of the profit or loss and Other Comprehensive Income of the Associate or Joint Venture. Distributions received from an Associate or a Joint Venture reduce the carrying amount of the investment. When the Group's share of losses of an Associate or a Joint Venture exceeds the Group's interest in that Associate or Joint Venture (which includes any long-term interests that, in substance, form part of the Group's net investment in the Associate or Joint Venture); the Group discontinues recognising its share of further losses. Additional losses are recognised only to the extent that the Group has incurred legal or constructive obligations or made payments on behalf of the Associate or Joint Venture.

On acquisition of the investment in an Associate or a Joint Venture, any excess of the cost of the investment over the Group's share of the net fair value of the identifiable assets and liabilities of the investee is recognised as goodwill, which is included within the carrying amount of the investment. Any excess of the Group's share of the net fair value of the identifiable assets and liabilities over the cost of the investment, after reassessment, is recognised directly in equity as capital reserve.

After application of the equity method of accounting, the Group determines whether there is any objective evidence of the impairment as a result of one or more events that occurred after the initial recognition of the net investment in an Associate or Joint Venture and that event (or events) has an impact on the estimated future cash flows from the net investment that can be reliably estimated. If there exists such an objective evidence of impairment, then it is necessary to recognise impairment loss with respect to the Group's investment in an Associate or Joint Venture.

When necessary, the entire carrying amount of the investment (including goodwill) is tested for impairment in accordance with Ind AS 36 "Impairment of Assets" as a single asset by comparing its recoverable amount (higher of value in use and fair value less costs of disposal) with its carrying amount. Any impairment loss recognised forms part of the carrying amount of the investment. Any reversal of that impairment loss is recognised in accordance with Ind AS 36 to the extent that the recoverable amount of the investment subsequently increases.

When a Group entity transacts with an Associate or a Joint Venture of the Group, profits and losses resulting from the transactions with the Associate or Joint Venture are recognised in the Group's consolidated financial statements only to the extent of interests in the Associate or Joint Venture that are not related to the Group.

2.6 Revenue Recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

2.6.1 Sale of goods and services

Revenue from sale of goods is recognized upon transfer of significant risk and rewards of ownership of the goods to the customer which generally coincides with dispatch of goods to customer. Sales include excise duty upto 30th June 2017 but exclude VAT / GST. It is measured at fair value of consideration received or receivable, net of returns, rebates and discounts.

Revenue from sale of service is recognized as sale as and when the related services are performed and certified by the client. Services performed and not certified by the client, are recognized as sales and are recorded as uncertified revenue and unbilled revenue. Incomplete services are recorded at cost as work-in-progress.

2.6.2 Dividend, Interest income and Royalty

Dividend income from investments is recognised when the Group's right to receive dividend is established.

Interest income from a financial asset is recognised on a time basis, by reference to the principal outstanding using the effective interest method provided it is probable that the economic benefits associated with the interest will flow to the Group and the amount of interest can be measured reliably. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of that financial asset.

Royalty revenue is recognised on an accrual basis in accordance with the substance of the relevant agreement or underlying arrangement in case of sales provided that it is probable that the economic benefits associated with the royalty shall flow to the Group and the amount of royalty can be measured reliably.

Claims / Insurance Claim etc. are accounted for when no significant uncertainties are attached to their eventual receipt.

The Group's policy for recognition of revenue (rental income) from operating leases is described in Note 2.7.1.

2.7 Leasing

At the inception of an arrangement, it is determined whether the arrangement is or contains a lease. Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

2.7.1 Group as Lessor

Rental income from operating leases is recognised on a straight-line basis over the term of the relevant lease. Where the rentals are structured solely to increase in line with expected general inflation to compensate for the Group's expected inflationary cost increase, such increases are recognised in the year in which such benefits accrue.

Amounts due under finance leases are recognised as receivables at the amount of the Group's net investment in the leases.

Finance lease income is allocated over accounting periods so as to reflect constant periodic rate of return of the Group's net investment outstanding in respect of the leases.

2.7.2 Group as Lessee

In case of assets under a finance lease, such assets are initially capitalised at the lower of fair value and the present value of the minimum lease payments. Minimum lease payments are apportioned between finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Subsequent to initial recognition, the assets are accounted in accordance with the accounting policy applicable to similar owned assets.

Payments made under operating leases are recognized on a straight-line basis over the term of the relevant lease. Where the rentals are structured solely to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases, such increases are recognised in the year in which such benefits accrue.

2.8 Foreign Currencies

The functional currency of the Parent and its Indian Subsidiaries is the Indian Rupee, whereas the functional currency of Foreign Subsidiaries is the currency of their countries of domicile. In preparing the financial statements of each individual Group entity, transactions in currencies other than the entity's functional currency (foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items (including financial assets and liabilities) denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated. Gains or losses arising from these translations are recognised in the Consolidated Statement of Profit and Loss. For the purposes of presenting these consolidated financial statements, the assets and liabilities of the Group's foreign operations are translated into Indian Rupees using exchange rates prevailing at the end of each reporting period. Income and expense items are translated at the average exchange rates for the period.

2.9 Share-based payment transactions of the Group

Equity-settled share-based payments to employees providing similar services are measured at the fair value of the equity instruments at the grant date. The fair value determined at the grant date of the equity-settled share-based payments is expensed on a straight-line basis over the vesting period, based on the Group's estimate of equity instruments that will eventually vest, with a corresponding increase in equity.

2.10 Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

2.10.1 Current Tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the Consolidated Statement of Profit and Loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Group's current tax is calculated using applicable tax rates that have been enacted or substantively enacted by the end of the reporting period and the provisions of the Income Tax Act, 1961 and other tax laws, as applicable.

2.10.2 Deferred Tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the consolidated financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

2.10.3 Current and Deferred Tax for the year

Current and deferred tax are recognised in the Consolidated Statement of Profit and Loss, except when they relate to items that are recognised in Other Comprehensive Income or directly in equity, in which case, the current and deferred tax are also recognised in Other Comprehensive Income or directly in equity respectively.

2.11 Property, Plant and Equipment

2.11.1 Property, Plant and Equipment acquired separately

Freehold Land is stated at cost and not depreciated.

Buildings, plant and machinery, vehicles, furniture and office equipments are stated at cost less accumulated depreciation and accumulated impairment losses.

An item of Property, Plant and Equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of Property, Plant and Equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in Consolidated Statement of Profit and Loss.

2.11.2 Capital Work-In-Progress

Properties in the course of construction for production, supply or administrative purposes are carried at cost, less any recognised impairment loss. Cost includes professional fees and, for qualifying assets, borrowing costs capitalised in accordance with the Group's accounting policy. Such properties are classified and capitalised to the appropriate categories of Property, Plant and Equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

2.11.3 Depreciation

Depreciation is recognised so as to write off the cost of assets (other than Freehold Land and Capital Work-In-Progress) less their residual values over their useful lives, using the straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013.

For certain items of Property, Plant and Equipment, the Company depreciates over estimated useful life which are different from the useful lives prescribed under Schedule II to the Companies Act, 2013 which is based upon technical assessment made by technical expert and management estimate. The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

Estimated useful lives of the assets are as follows:

Type of Asset	Useful Life
Buildings	20-60 years
Leasehold Improvements	5-20 years
Plant and Machinery	5-25 years
Vehicles	4-10 years
Furniture and Fixtures	5-10 years
Office Equipment	3-10 years

2.12 Intangible Assets

2.12.1 Intangible assets acquired separately

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

Intangible assets with indefinite useful lives are carried at cost less accumulated impairment losses.

2.12.2 Intangible assets acquired in a business combination

Intangible assets other than goodwill acquired in a business combination are initially recognised at their fair value at the acquisition date (which is regarded as their cost).

Subsequent to initial recognition, such intangible assets acquired in a business combination are reported at cost less accumulated amortisation and accumulated impairment losses, on the same basis as intangible assets that are acquired separately.

2.12.3 Internally generated Intangible Assets – Research and Development Expenditure

Expenditure on research activities is recognised in Consolidated Statement of Profit and Loss in the period in which it is incurred.

An internally generated intangible asset arising from development is recognised if and only if it meets the recognition criteria of intangible assets. The amount initially recognised is the sum total of expenditure incurred from the date when the intangible asset first meets the recognition criteria. Where no intangible asset can be recognised, development expenditure is recognised in Consolidated Statement of Profit and Loss in the period in which it is incurred.

Subsequent to initial recognition, internally generated intangible assets are reported at cost less accumulated amortization and accumulated impairment losses, on the same basis as intangible assets acquired separately.

2.12.4 Useful lives of Intangible Assets

Estimated useful lives of the Intangible Assets are as follows:

Type of Asset	Useful Life
Computer Software	5-10 years
Technical Knowhow	10-15 years
Non-Compete Fees	10-15 years
Copyrights	Indefinite Life
Trademark	10 years-Indefinite Life

2.13 Impairment of Tangible and Intangible Assets other than Goodwill

At the end of each reporting period, the Group reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired. Intangible assets with indefinite useful lives are tested for impairment annually at the cash-generating unit level. The assessment of indefinite useful life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

Recoverable amount is the higher of fair value less costs of disposal and value in use. If the recoverable amount of the asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised in Consolidated Statement of Profit and Loss.

2.14 Inventories

Inventories are valued at lower of cost and net realisable value. Cost of inventories is determined on weighted average. Cost for this purpose includes cost of direct materials, direct labour, excise duty and appropriate share of overheads. Net realisable value represents the estimated selling price in the ordinary course of business less all estimated costs of completion and estimated costs necessary to make the sale.

Obsolete, defective, unserviceable and slow / non-moving stocks are duly provided for and valued at net realisable value.

2.15 Provisions (other than Employee Benefits)

A provision is recognised when as a result of past event, the Group has a present legal or constructive obligation that can be reliably estimated, and, it is probable that an outflow of economic benefit will be required to settle the obligation.

Provisions (excluding retirement benefits) are determined based on the best estimate required to settle the obligation at the Balance Sheet date, taking into account the risks and uncertainties surrounding the obligation. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates.

Contingent liabilities are not recognised but disclosed in the Notes to the consolidated financial statements.

2.16 Financial Instruments

2.16.1 Initial Recognition and Measurement

Financial assets and financial liabilities are recognised when a Group entity becomes a party to the contractual provisions of the instruments.

At initial recognition, financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at Fair Value Through Profit and Loss) are added to or deducted from the value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at Fair Value Through Profit and Loss are recognised in Consolidated Statement of Profit and Loss.

2.16.2 Subsequent measurement of Financial Assets

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Debt instruments that meet conditions based on purpose of holding assets and contractual terms of instrument are subsequently measured at amortised cost using effective interest method.

All other financial assets are measured at fair value.

Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as at Fair Value Through Profit and Loss. Interest income is recognised in Consolidated Statement of Profit and Loss and is included in the "Other income" line item.

2.16.3 Impairment of Financial Assets

The Group recognises loss allowance using expected credit loss model financial assets which are not measured at Fair Value Through Profit and Loss. Expected credit losses are weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the Group expects to receive, discounted at original effective rate of interest.

For Trade receivables, the Group measures loss allowance at an amount equal to lifetime expected credit losses. The Group computes expected credit loss allowance based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

2.16.4 Financial Liabilities and Equity Instruments

2.16.4.1 Classification of debt or equity

Debt or equity instruments issued by the Group are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of financial liability and equity instrument.

2.16.4.2 Equity Instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Group are recognised at the proceeds, net of direct issue costs.

2.16.4.3 Financial Liabilities

All financial liabilities (other than derivative financial instruments) are measured at amortised cost using effective interest method.

2.16.5 Derecognition of Financial Assets and Liabilities

The Group derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or when the Group transfers the contractual rights to receive the cash flows of the financial asset in which substantially all the risks and rewards of ownership of the financial asset are transferred, or in which the Group neither transfers nor retains substantially all the risks and rewards of ownership of the financial asset and does not retain control of the financial asset.

The Group derecognises a financial liability (or a part of financial liability) when the contractual obligation is discharged, cancelled or expires.

2.16.6 Derivative Financial Instruments

The Group holds derivative financial instruments such as foreign exchange forward contracts to hedge its exposure to foreign currency exchange rate risks.

Derivatives are initially recognised at fair value at the date the contracts are entered into. Subsequent to initial recognition, these contracts are measured at their fair value and changes at the end of each reporting period. The resulting gain or loss is recognised in Consolidated Statement of Profit and Loss immediately.

2.17 Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit / loss before extraordinary items and tax for the period is adjusted for the effects of transactions of non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments. Cash flows from operating, investing and financing activities of the Group are segregated.

Cash and Cash Equivalents for the purpose of cash flow statement comprise of cash at bank, cash in hand and short- term deposits with an original maturity of three months or less, as reduced by bank overdrafts.

2.18 Segment Reporting

The Group identifies primary segments based on the dominant source, nature of risks and returns and the internal organisation and management structure. The operating segments are the segments for which separate financial information is available and for which operating profit / loss amounts are evaluated regularly by the Chief Operating Decision Maker (CODM) in deciding allocation of resources and in assessing performance.

The accounting policies adopted for segment reporting are in line with the accounting policies of the Group. Segment revenue, segment expenses, segment assets and segment liabilities have been identified to segments on the basis of their relationship to the operating activities of the segment.

Inter-segment revenue is accounted on the basis of cost plus margins. Revenue, expenses, assets and liabilities which relate to the Group as a whole and are not allocable to segments on reasonable basis have been included under “unallocated revenue / expenses / assets / liabilities respectively”.

2.19 Employee Benefits

Employee benefits include Provident Fund, Superannuation Fund, National Pension Scheme, Employee State Insurance Scheme, Gratuity Fund, Compensated Absences, Anniversary Awards, Premature Death Pension Scheme and Total Disability Pension Scheme.

2.19.1 Defined Contribution Plans

The Group's contribution to Provident Fund, Superannuation Fund, National Pension Scheme and Employee State Insurance Scheme are considered as defined contribution plans and are charged as an expense based on the amount of contribution required to be made and when services are rendered by the employees.

2.19.2 Defined Benefit Plans

For defined benefit plans in the form of Gratuity Fund, the cost of providing benefits is determined using the Projected Unit Credit method, with actuarial valuations being carried out at each Balance Sheet date. Remeasurement, comprising actuarial gains and losses and the return on plan assets (excluding net interest) is reflected in the Consolidated Balance Sheet with a charge or credit recognised in Other Comprehensive Income in the period in which they occur. Remeasurement recognised in Other Comprehensive Income is reflected in retained earnings and is not reclassified to profit or loss. Past service cost is recognised immediately for both vested and the non-vested portion. The retirement benefit obligation recognised in the Consolidated Balance Sheet represents the present value of the defined benefit obligation, as reduced by the fair value of scheme assets. Any asset resulting from this calculation is limited taking into account the present value of available refunds and reductions in future contributions to the schemes.

2.19.3 Short-Term and Other Long-Term Employee Benefits

A liability is recognised for benefits accruing to employees in respect of wages and salaries, annual leave and sick leave in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service.

Liabilities recognised in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service.

Liabilities recognised in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Group in respect of services provided by employees up to the reporting date.

2.20 Earnings per share

The Company presents basic and diluted earnings per share ("EPS") data for its equity shares. Basic EPS is calculated by dividing the profit or loss attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the period. Diluted EPS is determined by adjusting the profit or loss attributable to equity shareholders and the weighted average number of equity shares outstanding for the effects of all dilutive potential ordinary shares, which includes all stock options granted to employees.

The number of equity shares and potentially dilutive equity shares are adjusted retrospectively for all periods presented for any share splits and bonus shares issues including for changes effected prior to the approval of the financial statements by the Board of Directors.

2.21 Recent accounting pronouncements

The amendments to standards that are issued, but not yet effective, up to the date of issuance of the financial statements are disclosed below. The Company intends to adopt these standards, if applicable, when they become effective.

The Ministry of Corporate Affairs (MCA) has issued the Companies (Indian Accounting Standards) Amendment Rules, 2017 and Companies (Indian Accounting Standards) Amendment Rules, 2018 amending the following standard:

2.21.1 Ind AS 115 Revenue from Contracts with Customers

Ind AS 115 was issued on 28th March 2018 and establishes a five-step model to account for revenue arising from contracts with customers. Under Ind AS 115, revenue is recognised at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer.

The new revenue standard will supersede all current revenue recognition requirements under Ind AS. Either a full retrospective application or a modified retrospective application is required for annual periods beginning on or after 1st April 2018. The Company plans to adopt the new standard on the required effective date. The Company is evaluating the effect on the timing of revenue and impact on the financial statements of the Company under new standard.

2.21.2 Appendix B to Ind AS 21 Foreign Currency Transactions and Advance Consideration

The Appendix clarifies that, in determining the spot exchange rate to use on initial recognition of the related asset, expense or income (or part of it) on the derecognition of a non-monetary asset or non-monetary liability relating to advance consideration, the date of the transaction is the date on which an entity initially recognises the non-monetary asset or non-monetary liability arising from the advance consideration. If there are multiple payments or receipts in advance, then the entity must determine the transaction date for each payment or receipt of advance consideration.

Entities may apply the Appendix requirements on a fully retrospective basis. Alternatively, an entity may apply these requirements prospectively to all assets, expenses and income in its scope that are initially recognised on or after:

- i. the beginning of the reporting period in which the entity first applies the Appendix, or
- ii. the beginning of a prior reporting period presented as comparative information in the financial statements of the reporting period in which the entity first applies the Appendix.

The Appendix is effective for annual periods beginning on or after 1st April 2018. However, since the Company's current practice is in line with the interpretation, the Company does not expect any effect on its financial statements.

3. Critical Accounting Judgements and key sources of Estimation Uncertainty

The preparation of the Group's financial statements requires management to make judgements, estimates and assumptions that affect the application of accounting policies, reported amounts of assets, liabilities, income and expenses, and accompanying disclosures, and the disclosure of contingent liabilities. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

3.1 Critical Judgments

3.1.1 Classification of Plus Call Technical Services LLC as a Joint Venture

Plus Call Technical Services LLC is a limited liability company whose legal form confers separation between the parties to the joint arrangement and the LLC itself. Furthermore, there is no contractual arrangement or any other facts and circumstances that indicate that the parties to the joint arrangement have rights to the assets and obligations for the liabilities of the joint arrangement. Accordingly, Plus Call Technical Services LLC is classified as Joint Venture of the Group.

3.1.2 Classification of entities as Subsidiaries wherein Group has ownership interest and voting rights of 50% or less

Pidilite MEA Chemicals LLC, Bamco Supply and Services Ltd, ICA Pidilite Pvt Ltd and Building System Solution Trading LLC (upto 5th March 2018) are subsidiaries of the Group even though the Group has ownership interest and voting rights of 50% or less in the subsidiaries respectively. However, based on the relevant facts and circumstances, control and management of these entities lie with the Group. The Group has the power to direct the relevant activities of these entities and therefore controls these entities.

3.2 Key accounting, judgements, assumptions and estimates

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below:

3.2.1 Impairment of Goodwill and Other Intangible Assets

Goodwill and Other Intangible Assets (i.e. trademarks and copyrights) are tested for impairment on an annual basis. Recoverable amount of cash-generating units is determined based on higher of value-in-use and fair value less cost to sell. The impairment test is performed at the level of the cash-generating unit or groups of cash-generating units which are benefitting from the synergies of the acquisition and which represents the lowest level at which the intangibles are monitored for internal management purposes.

Market related information and estimates are used to determine the recoverable amount. Key assumptions on which management has based its determination of recoverable amount include estimated long term growth rates, weighted average cost of capital and estimated operating margins. Cash flow projections take into account past experience and represent management's best estimate about future developments.

3.2.2 Business Combinations and Intangible Assets

Business combinations are accounted for using Ind AS 103, "Business Combinations". Ind AS 103 requires the identifiable intangible assets and contingent consideration to be fair valued in order to ascertain the net fair value of identifiable assets, liabilities and contingent liabilities of the acquiree. Significant estimates are required to be made in determining the value of contingent consideration and intangible assets. These valuations are conducted by independent valuation experts.

3.2.3 Employee related provisions

The costs of long-term and short-term employee benefits are estimated using assumptions by the management. These assumptions include rate of increase in compensation levels, discount rates, expected rate of return on assets and attrition rates (disclosed in Note 50).

3.2.4 Income taxes

Significant judgements are involved in estimating budgeted profits for the calculation of advance tax and deferred tax, and determining provision for income taxes and uncertain tax positions (disclosed in Note 53).

3.2.5 Property, Plant and Equipment

The useful lives and residual values of Group's assets are determined by the management at the time the asset is acquired. These estimates are reviewed annually by the management. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technical or commercial obsolescence arising from changes or improvements in production or from a change in market demand of the product or service output of the asset.

*Goodwill acquired in business combination is allocated, at acquisition date, to the cash-generating units that are expected to benefit from that business combination.

Goodwill, Copyrights and Trademark

Goodwill, copyrights and trademark in the books of the Group pertains mainly to Consumer and Bazaar business (majorly consists of Consumer and Bazaar business of Parent). At the end of each reporting period, the Group reviews carrying amount of goodwill, copyrights and trademark to determine whether there is any indication that goodwill, copyrights and trademark has suffered any impairment loss. Accordingly, recoverable amount of goodwill, copyrights and trademark is arrived basis projected cashflows from Consumer and Bazaar business. Recoverable amount of goodwill, copyrights and trademark exceeds the carrying amount of goodwill in the books as on 31st March 2018. Further there are no external indications of impairment of goodwill, copyrights and trademark. As a result, no impairment loss on goodwill, copyrights and trademark is required to be recognised.

Projected cashflows from Consumer and Bazaar business (relates to Parent which represents significant portion of goodwill)

The recoverable amount of this cash-generating unit is determined based on a value in use calculation which uses cash flow projections based on financial budgets approved by the management covering a five year period, and a discount rate of 12.5% per annum (12.5% per annum as at 31st March 2017).

Cash flow projections during the budget period are based on the same expected gross margins and raw materials price inflation throughout the budget period. The cash flows beyond that five-year period have been extrapolated using a steady 9% per annum (9% per annum as at 31st March 2017) growth rate. The management believes that any reasonably possible change in the key assumptions on which recoverable amount is based would not cause the aggregate carrying amount to exceed the aggregate recoverable amount of the cash-generating unit.

The key assumptions used in the value in use calculations for Consumer and Bazaar cash-generating unit are as follows:

Budgeted sales growth	Sales growth is assumed at 13.8% (CAGR) (13.1% as at 31 st March 2017), in line with current year projections. The values assigned to the assumption reflect past experience and are consistent with the managements' plans for focusing operations in these markets. The management believes that the planned sales growth per year for the next five years is reasonably achievable.
Raw materials price inflation	Forecast for material cost growth CAGR higher by 0.6% (0.3% as at 31 st March 2017) vs. sales growth, considering impact of commodity cost inflation.
Other budgeted costs	Commercial spends (schemes and A&SP) have been continued at current year's % to sales. Other fixed costs are in line with the current year's growth.

The Group has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience and adjusted for forward-looking information. The expected credit loss allowance is based on the ageing of the receivables days and the rates vary with the business of Parent and each Subsidiary.

48 Employee Stock Option Scheme**a) Details of Employee Share Options**

In the Annual General Meeting of the Company held on 24th July 2012, the shareholders approved the issue of 50,76,486 equity shares under the Scheme titled "Employee Stock Option Scheme 2012" (ESOS 2012). The Board approved Employees Stock Option Scheme covering 3,00,000 Stock options, in terms of the regulations of the Securities and Exchange Board of India.

The ESOS 2012 allows the issue of options to Eligible employees of the Company. Each option comprises one underlying equity share. The exercise price of each option shall be ₹ 1/- per equity share. The options vest in the manner as specified in ESOS 2012. Options may be exercised within 5 years from the date of vesting.

ESOP 2016 covering grant of 45,00,000 options (including 2,50,000 Options to be granted to Eligible Employees / Directors of the subsidiary Companies) was approved by the shareholders through Postal Ballot. Result of the Postal Ballot was declared on 2nd April 2016. Each option comprises one underlying equity share. The exercise price shall be ₹ 1/- per option or such other higher price as may be fixed by the Board or Committee. Options to be granted under the Plan shall vest not earlier than one year but not later than a maximum of six years from the date of grant of such options. In the case of Eligible Employee who has not completed 3 years of employment as on date of the grant of Options then the Options which are due for vesting before completion of 3 years as above, shall vest as on the completion of 3 years of employment in the Company by the Employee concerned or as may be approved by the Nomination and Remuneration Committee. Vested Options will have to be exercised within 3 years from the date of respective vesting.

(C) Financial risk management objectives

The Group's Treasury functions provide services to the business, co-ordinates access to domestic and international financial markets, monitors and manages the financial risks relating to the operations of the Group through internal risk reports which analyse exposures by degree and magnitude of risks. These risks include market risk, credit risk and liquidity risk. The Group undertakes transactions denominated in foreign currencies; consequently, exposures to exchange rate fluctuations arise. Exchange rate exposures are managed within approved policy parameters utilising foreign exchange forward contracts. Compliance with policies and exposure limits is a part of Internal Financial Controls. The Group does not enter into or trade in financial instruments, including derivative financial instruments, for speculative purposes.

(D) Market risk

The Group's activities expose it primarily to the financial risk of changes in foreign currency exchange rates (see Note E below). The Group enters into foreign exchange forward contracts to manage its exposure to foreign currency risk of net imports.

(E) Foreign currency risk management

The carrying amounts of the Group's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows:

	Foreign Currency Exposure (in FC)		Foreign Currency Exposure (₹ in crores)	
	31 st March 2018	31 st March 2017	31 st March 2018	31 st March 2017

(i) Foreign currency sensitivity analysis

The Group is mainly exposed to the USD and EUR. The following table demonstrates the sensitivity to a 2% increase or decrease in the USD and EUR against INR with all other variables held constant. The sensitivity analysis is prepared on the net unhedged exposure of the Group as at the reporting date. 2% represents management assessment of reasonably possible changes in foreign exchange rates.

	USD impact	
	For the year ended 31 st March 2018	For the year ended 31 st March 2017
Impact on profit or loss for the year (refer Note a)	0.55	0.87

	EUR impact	
	For the year ended 31 st March 2018	For the year ended 31 st March 2017
Impact on profit or loss for the year (refer Note b)	(0.44)	0.05

- (a) This is mainly attributable to the exposure outstanding on USD receivables and payables at the end of the reporting period.
- (b) This is mainly attributable to the exposure to outstanding EUR receivables and payables at the end of the reporting period.

In management's opinion, the sensitivity analysis is unrepresentative of the inherent foreign exchange risk because the exposure at the end of the reporting period does not reflect the exposure during the year.

(ii) Foreign exchange forward contracts

It is the policy of the Group to enter into foreign exchange forward contracts to cover foreign currency payments (net of receipts) in USD and EUR. The Group enters in to contracts with terms upto 90 days.

The Group's philosophy does not permit any speculative calls on the currency. It is driven by conservatism which guides that we follow conventional wisdom by use of Forward contracts in respect of Trade transactions.

Regulatory Requirements: The Group will alter its hedge strategy in relation to the prevailing regulatory framework and guidelines that may be issued by RBI, FEDAI or ISDA or other regulatory bodies from time to time.

Mode of taking Cover: Based on the outstanding details of import payable and exports receivable (in weekly baskets) the net trade import exposure is arrived at (i.e. Imports – Exports = Net trade exposures).

The Net trade import exposure arrived at is netted off with the outstanding forward cover as on date and with the surplus foreign currency balance available in EEFC A/Cs.

Forward cover is obtained from bank for each of the aggregated exposures and the Trade deal is booked. The forward cover deals are all backed by actual trade underlines and settlement of these contracts on maturity are by actual delivery of the hedged currency for settling the underline hedged trade transaction.

The following table details the foreign exchange forward contracts outstanding at the end of the reporting period

Outstanding contracts	Average exchange rates (₹)		Foreign Currency (Amount)	
	31 st March 2018	31 st March 2017	31 st March 2018	31 st March 2017

EUR - Buy	0.29	0.43	0.01	(0.01)
TOTAL			0.04	(0.82)

The line-items in the balance sheet that include the above hedging instruments are "Other financial assets" and "Other financial liabilities".

At 31st March 2018, the aggregate amount of gain under foreign exchange forward contracts recognised in profit or loss is ₹ 0.87 crores (₹ 0.62 crores as at 31st March 2017).

(F) Credit risk management

Credit risk refers to risk that a counterparty will default on its contractual obligations resulting in financial loss to the Group. Credit risk arises primarily from financial assets such as trade receivables, investment in mutual funds, derivative financial instruments, other balances with banks, loans and other receivables.

The Group has adopted a policy of only dealing with counterparties that have sufficiently high credit rating. The Group's exposure and credit ratings of its counterparties are continuously monitored and the aggregate value of transactions is reasonably spread amongst the counterparties.

Credit risk arising from investment in mutual funds, derivative financial instruments and other balances with banks is limited and there is no collateral held against these because the counterparties are banks and recognised financial institutions with high credit ratings assigned by the international credit rating agencies.

(G) Liquidity risk management

Liquidity risk is the risk that the Group will encounter difficulty in raising funds to meet commitments associated with financial instruments that are settled by delivering cash or another financial asset. Liquidity risk may result from an inability to sell a financial asset quickly at close to its fair value.

The Group has an established liquidity risk management framework for managing its short term, medium term and long term funding and liquidity management requirements. The Group's exposure to liquidity risk arises primarily from mismatches of the maturities of financial assets and liabilities. The Group manages the liquidity risk by maintaining adequate funds in cash and cash equivalents. The Group also has adequate credit facilities agreed with banks to ensure that there is sufficient cash to meet all its normal operating commitments in a timely and cost-effective manner.

(i) **Liquidity risk tables**

The following tables detail the Group's remaining contractual maturity for its derivative and non-derivative financial liabilities with agreed repayment periods. The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Group can be required to pay. The tables include both interest and principal cash flows. To the extent that interest flows are floating rate, the undiscounted amount is derived from interest rate curves at the end of the reporting period. The contractual maturity is based on the earliest date on which the Group may be required to pay.

(H) **Fair value measurements**

This note provides information about how the Group determines fair values of various financial assets and financial liabilities.

(i) Fair value of the Group's financial assets and financial liabilities that are measured at fair value on a recurring basis

Some of the Group's financial assets and financial liabilities are measured at fair value at the end of each reporting period. The following table gives information about how the fair values of these financial assets and financial liabilities are determined (in particular, the valuation technique(s) and inputs used).

Financial Assets/ Financial Liabilities		Fair value		Fair value hierarchy	Valuation Technique(s) and key input(s)
		As at 31 st March 2018	As at 31 st March 2017		
1	Derivative assets and liabilities towards foreign exchange forward contracts	Assets - ₹ 0.12 crores; and liabilities - ₹ 0.08 crores	Assets - ₹ 0.05 crores; and liabilities - ₹ 0.87 crores	Level 2	Mark to market values acquired from banks, with whom the Group contracts.
2	Gross obligation towards acquisition	Liabilities - ₹ 66.78 crores	NIL	Level 2	Fair Value of liabilities based on discounted future EBITDA multiples
3	Investment in Mutual Funds	Various listed funds - aggregate fair value of ₹ 1,201.83 crores	Various listed funds - aggregate fair value of ₹ 1,402.90 crores	Level 1	Quoted bid prices in active market

(ii) Financial instruments measured at amortised cost

The carrying amount of financial assets and financial liabilities measured at amortised cost in the financial statements are a reasonable approximation of their fair values since the Group does not anticipate that the carrying amounts would be significantly different from the values that would eventually be received or settled.

50 Employee Benefits

The Group has classified various employee benefits as under:

(A) Defined Contribution Plans

- (a) Provident Fund
- (b) Superannuation Fund
- (c) State Defined Contribution Plans
 - Employers' Contribution to Employees' State Insurance
 - Employers' Contribution to Employees' Pension Scheme 1995
 - Labour Welfare Fund
- (d) National Pension Scheme

The Provident Fund and the State Defined Contribution Plans are operated by the Regional Provident Fund Commissioner, the Superannuation Fund is administered by the LIC of India and National Pension Fund is administered by Pension Fund Regulatory and Development Authority (PFRDA), as applicable, for all eligible employees. Under the schemes, the Company is required to contribute a specified percentage of payroll cost to the retirement benefit schemes to fund the benefits. These funds are recognised by the Income Tax Authorities.

The Group has recognised the following amounts in the Statement of Profit and Loss:

(₹ in crores)

	For the year ended 31 st March 2018	For the year ended 31 st March 2017
(i) Contribution to Provident Fund	13.88	21.06
(ii) Contribution to Employees' Superannuation Fund	0.88	0.89
(iii) Contribution to Employees' State Insurance Scheme & Labour Welfare Fund	0.96	0.53
(iv) Contribution to Employees' Pension Scheme 1995	6.82	6.24
(iv) Contribution to National Pension Scheme	1.36	0.61
(v) Other Funds (International)	7.81	-
TOTAL	31.71	29.33
(B) Defined Benefit Plans		
Gratuity		
(C) Other Long-Term Benefits		
(a) Compensated Absences		
(b) Anniversary Awards		
(c) Premature Death Pension Scheme		
(d) Total Disability Pension Scheme		

Valuations in respect of above have been carried out by independent actuary, as at the balance sheet date, based on the following assumptions:

	Valuations as at	
	31 st March 2018	31 st March 2017
(i) Discount Rate (per annum)	7.4% - 11.1%	6.9% - 11.30%
(ii) Rate of increase in Compensation levels (per annum)	1st 2 yrs - 8.50%, thereafter 6.50%	4.5% - 9.00%
(iii) Expected Rate of Return on Assets	7.55% - 11.1%	6.9% - 11.30%
(iv) Attrition Rate	upto 5 yrs-17%, 5 - 10 yrs-10%, Above 10 yrs-4%	upto 5 yrs-19%, 5 - 10 yrs-9%, Above 10 yrs-8%
(v) Retirement Age	58 - 60 years	60 years
(vi) The expected rate of return on plan assets is determined after considering several applicable factors such as the composition of the plan assets, investment strategy, market scenario, etc. In order to protect the capital and optimise returns within acceptable risk parameters, the plan assets are well diversified.		
(vii) The discount rate is based on the prevailing market yields of Government of India securities as at the balance sheet date for the estimated term of the obligations.		
(viii) The estimate of future salary increases considered, takes into account the inflation, seniority, promotion, increments and other relevant factors.		

Note on other risks:

- 1 **Investment risk** - The funds are invested by LIC and they provide returns basis the prevalent bond yields, LIC on an annual basis requests for contributions to the fund, while the contribution requested may not be on the same interest rate as the bond yields provided, basis the past experience it is low risk.
- 2 **Interest Risk** - LIC does not provide market value of assets, rather maintains a running statement with interest rates declared annually - The fall in interest rate is not therefore offset by increase in value of Bonds, hence may pose a risk.
- 3 **Longevity Risk** - Since the gratuity payment happens at the retirement age of 60, longevity impact is very low at this age, hence this is a non-risk.
- 4 **Salary risk** - The liability is calculated taking into account the salary increases, basis past experience of the Company's actual salary increases with the assumptions used, they are in line, hence this risk is low risk.

Note A:

The business acquisition was conducted by entering into a share purchase agreement for cash consideration of ₹ 96.4 crores. This acquisition will help the Group to participate in the growth of the resin flooring and floor coatings market.

The gross contractual amounts and the fair value of trade and other receivables acquired is ₹ 35.39 crores. None of the trade and other receivables are credit impaired and it is expected that the full contractual amounts will be recoverable. Total goodwill on acquisition was ₹ 49.44 crores. The Goodwill on acquisition can be attributable to Cipy's skilled employees, expected synergies from acquisition and other intangible assets that can not be identified separately. No amount of Goodwill is expected to be deductible for tax purpose.

For the period 9th February to 31st March 2018, Cipy contributed revenue from operations of ₹ 26.72 crores and ₹ 1.04 crores to the Group's results. If the acquisition had occurred on 1st April 2017, consolidated revenue from operations would have been higher by ₹ 95.66 crores and consolidated profit would have been higher by ₹ 2.69 crores. In determining these amounts, it has assumed that the fair value adjustments, that arose on date of acquisition would have been same if the acquisition had occurred on 1st April 2017. Pursuant to share purchase agreement, the Company has an option to purchase and the seller has an option to sell balance 30% of equity share capital of CIPY on or after expiry of 3 years from acquisition date i.e on or after 8th February 2021. Accordingly, a gross liability towards acquisition (refer Note 26) has been recognised in this financial statement based on a valuation report obtained from an independent valuer.

Note B:

During the previous year, pursuant to a BTA entered into by the Company with ITALCOATS, Mr. Pratik M Mehta & Mr. Mahendra N Mehta (collectively, referred as "Seller", ICA Pidilite Pvt Ltd acquired the Wood Finish Distribution Business (the "Business") from a "Seller" as a going concern and on a slump sale basis, with effect from 25th April 2016.
